PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 2nd December 1908.

READ—

(1) Government Proceedings No. R. 5003-12—L. R. 355-06-5, dated the 12th February 1908, directing the opening of a new column in the Pahani Takhta to show the estimated and actual outturn of crops.

(2) Letter No. 5022, dated the 16th November 1908, from the Revenue Commissioner in Mysore.

Adverting to Government Proceedings No. R. 5003-12—L. R. 355-06-5, dated 12th February 1908, revising the Pahani (Village Account Form No. 3), I have the honor to submit a circular containing auxiliary instructions for the preparation of this account so as to give the required information in proper form, for approval of Government. I request that orders of Government may be communicated to me early so that I may have it printed and published in the Gazette. In the meantime, I have sent copies to Deputy Commissioners for reference in connection with the preparation of their reports on the present seasonal conditions.

CIRCULAR MEMORANDUM.

No. C. 105-12, dated 12—13th November 1908.

From an examination of the Pahani accounts (Village Form No. 3) of some of the villages in the Tumkur, Hassan, Kadur and Chitaldrug Districts, it is found that the instructions issued in Government Proceedings No. R. 5003-12—L. R. 355-06-5, dated 12th February 1903, for recording the estimate and the actual outturn of crops have not been fully understood and that the information given is not in sufficient detail. The following additional instructions are therefore issued for guidance :—

1. As already directed in the Government Proceedings quoted above, there should be two inspections of crops. The first should be made between the 15th September and the 1st week of November and the second between the 1st February and the end of March. The first inspection should ascertain the estimate of the Vysakhi crop of paddy, sugar-cane, etc., and of the Mungar crop where such are grown, together with the estimate of the standing crops (Hine or Hingar), the former being entered in column 16 (actual or khararwak) and the latter in column 15 (estimate or andaz) of the Pahani account. The second inspection should ascertain the results of the harvest of the Hingar crops and estimate of the standing paddy and other crops, the results being also entered in the appropriate columns 16 and 15.

2. The shanbhogs and the inspecting officers should distinctly understand that the estimate should be made taking into consideration the actual state of the crops at the time of the inspection and supposing that the other conditions including future rainfall would be normal.

3. After each inspection an abstract statement should be prepared in the appended form to show its results for the whole village in accordance with the instructions therein given. It is also necessary that both for the first and second crops the time of sowing (*i.e.*, in what nakshatra rainfall a particular crop was sown) should be noted for the different crops. The two statements should then be consolidated as regards actual outturn so as to give an idea of the results of harvests of the year.

4. In the "remarks" column of the consolidated abstract statement should be given information as regards the fodder and water-supply and the condition of cattle.

5. A consolidated statement after each Pahani should also be prepared villagevar for each hobli by the shekdar and hoblivar for each taluk in the Taluk Office with additional columns (in the abstract statement) for name of village or hobli as the case may be, the total extent under occupation and the totals of actuals of both Pahanis after making entries relating to second Pahani.

6. The inspecting and supervising officers should invariably initial against survey numbers which they tested and affix their signatures or initials with dates at the end of the 1st or 2nd Pahani Abstract as the case may be.

No. R. 3523—L. R. 160-08-2, DATED BANGALORE, 2ND DECEMBER 1908.

ORDER THEREON.—Approved.

K. S. CHANDRASEKHARA AIYAR,

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letters No. 3210, dated the 5th—8th September 1908, and No. 3710, dated the 22nd—24th September 1908, from the Revenue Commissioner in Mysore, regarding the amount of compensation payable to the owners of the lands acquired for the construction of the Shimoga-Kumsi Tramway Line.

No. R. 3744-5—L. R. 118-08-5, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—It is reported by the Deputy Commissioner of the Shimoga District that there is a difference between the Mysore Manganese Company and the holders of the lands acquired for the construction of the Shimoga-Kumsi Tramway Line about the amount of compensation payable for the acquisition of these lands. The land owners complain that the compensation has not been settled by the District authorities on the entire area rendered useless by the operations of the Company, while the Company contend that the extent on which the officer authorized to conduct the acquisition proceedings has based his award, is much in excess of the area actually occupied by the Tramway Line.

2. The acquisition of the lands required for the Tramway Line was sanctioned in Government Order No. R. 10890—L. R. 592-06-4, dated the 27th June 1907, and No. R. 3001—L. R. 83-07-4, dated the 14th November 1907. The construction of the line itself was begun long before the lands had been measured and the compensation fixed. Government regret that the procedure adopted in acquiring the lands has been quite irregular. The manner in which they should have been acquired is laid down in Section 15 of Government Order No. 542—Ry. 124, dated the 12th April 1907. Where lands were acquired directly by the Company, it was not necessary for such lands to have been re-acquired under the provisions of the Land Acquisition Regulation, and the Company could have been allowed to commence operations on them after obtaining the approval of the Deputy Commissioner to their acquisition. The inclusion of these lands in the declaration statements submitted to Government was therefore unnecessary.

3. The provisions of the Land Acquisition Regulation should have been resorted to only in cases where, on account of the unreasonable attitude of the landholders, the Company could not enter into any arrangements with them. Government observe that the awards passed in such cases by Mr. Mahomed Raza, the officer deputed to acquire the lands, have been based on the statements furnished by the Manganese Company without any verification by a measurement of the lands as required by Section 8 of the Land Acquisition Regulation. He has merely directed that in cases of dispute a subsequent enquiry was to be held and if it was found that the area acquired was larger than that on which compensation was awarded, then increased compensation was to be paid to them at the same rate. This procedure was extremely irregular. The proper course for him was to have proceeded under Section 11 of the Land Acquisition Regulation and ascertained the correct area on which compensation was payable before passing any award. If this had been done, the Company would have been debarred under Section 50 of the above Regulation from raising any objections and would have been completely bound by such award; and only the person whose land was acquired could have required under Section 18 that the matter may be referred for the determination of the Civil Court, if he was not satisfied with the award.

4. The difficulties mentioned by the Deputy Commissioner could have been easily avoided, if the Company had not been allowed to enter upon the lands and commence operations until the lands had been duly made over to them. Under the present circumstances, the Deputy Commissioner will comply strictly with the provisions of the Land Acquisition Regulation and pass fresh awards under Section 11 in all cases of dispute after determining the correct area. Where no awards have yet been made, necessary steps should be taken immediately and the proceedings completed without delay.

Land Revenue, dated 12th December 1908.

5. The Company should be informed that the Deputy Commissioner is not bound to accept their measurements and that their attitude is unreasonable when so many facilities have been afforded to them in the matter They are bound under Section 50 of the Land Acquisition Regulation by the awards made by the Deputy Commissioner and under Section 36 of the Mysore Tramways Regulation, the compensation settled by the Deputy Commissioner and another sums due by the company to Government are recoverable as arrears of land revenue. In case the company makes default in payment, timely steps should be taken for their recovery.

6. The Government regret to note that both Mr. M. Narain Rao, the Deputy Commissioner, and Mr. Mahomed Raza, the Assistant Commissioner, have by their neglect to observe the clear provision of the Land Acquisition Regulation given rise to these series of complaints and thrown unnecessary work on their successors. Mr. Narain Rao will be required to explain how he permitted the Company to carry on operations on private land before satisfying all the necessary conditions.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioner of the Shimoga District.

Exd.—C.P.S.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 16th December 1908.

tEAD—

Government Order No 2086-96—L. R. 585-07-11, dated 24th September 1908, laying own certain rules for the administration of the irrigation cess fund for securing a greater egree of co-operation between the District and Public Works Department officers in the task f administering the fund to the greatest advantage.

2. Letter No. 159—S., dated 13th November 1908, from the Deputy Commissioner of he Hassan District, stating that it is not known as to what is the amount allotted for that istrict out of the irrigation cess fund for which the Taluk Board are to draw up a programme f local works to be undertaken during the ensuing year and by whom the said amount will e allotted and requesting early instructions in the matter.

No. R. 3842-50—L. R. 161-08-4, DATED BANGALORE, 16TH DECEMBER 1908.

ORDER THEREON.—The attention of the Deputy Commissioner is drawn to the lirections contained in Government Order No. 1747-57—R. 212, dated 30th July 894, and No. R. 8518-27—L. S. 50-04-1, dated the 11th March 1905, regarding the node of calculation of the irrigation cess both prior and subsequent to revision sur- ey. There should be no difficultly in determining the probable amount which may e realized on account of the irrigation cess in each taluk and this will form the asis for framing the budget estimates of the year. Government trust that each Deputy Commissioner will arrange to send the estimates to the Revenue Commis- ioner in time so that he may be able to have a consolidated budget prepared and ubmitted to Government along with his other budget estimates.

READ—

Letter No 5539, dated 30th November 1908, from the Revenue Commissioner in Mysore, submitting letter No 213, dated 27th November 1908, from the Deputy Commissioner, Kadur District, reporting that a large number of cattle has come to the Tarikere Taluk from Tiptur, Kunigal, Nagamangala, Hosdurga and other places in search of grazing and recommending that State Forests may be thrown open for free grazing as these cattle are in need of great relief.

No. R. 3592-601—AGRI. 41-08-61, DATED BANGALORE, 4TH DECEMBER 1908.

ORDER THEREON.—The Conservator of Forests is requested to issue the needful instructions for throwing open for free grazing all available State Forests in the Kadur District until the present season of distress passes off.

The Deputy Commissioners of Districts should make timely applications in the matter to the Conservator of Forests whenever difficulty for grazing is experienced. The Conservator will comply with them and report the matter to Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 4th December 1908.

READ—

Letter No. 5381, dated the 26th November 1908, from the Revenue Commissioner Mysore, requesting permission to utilize the amount of Rs. 20,000 which was sanctioned Government Proceedings No. R 3299-308—Agri. 69-08-5, dated 25th November 1908, opening Poor Houses for affording relief to such of the old and infirm paupers as cannot made to go to Poor Houses.

No. R. 3603-12—AGRI. 69-08-9, DATED BANGALORE, 4TH DECEMBER 1908.

ORDER THEREON.—The Famine Code does not contemplate the grant of gratuitous relief prior to the actual declaration of famine except by opening Poo Houses. But the Revenue Commissioner has given good reasons for a relaxation o the strict provisions of the Famine Code. The Government also understand that similar policy has been pursued recently in the United Provinces of Agra and Oudl with advantageous results. On a consideration of all the circumstances of the cas the Government are pleased to approve of the Revenue Commissioner's recommendation to afford gratuitous relief to deserving cases under Section 162 of the Famin Code even before the formal declaration of distress and the opening of relief works

READ—

Letter No. 5363, dated the 4th November 1908, from the Revenue Commissioner in Mysore, forwarding for information the following copy of his review on the statements showing the loss in cattle of various kinds during the year 1907-08, received from the Deputy Commissioners of Districts:—

"The accompanying statement shows the extent of cattle mortality in the State during the year 1907-08, as compared with the previous year.

2. The total number of deaths during the year under review was 131,791 as against 108,161 in the previous year, thus showing an increase of 23,630. A decrease of 28,164 occurred under "deaths from accidents and other causes," which was probably due to the fact that hitherto deaths from sickness were registered under "other causes" and that the classification is now better understood.

3. There was an increase of 52,039 in the number of deaths from sickness chiefly among cows, bullocks and buffaloes. This was due to the prevalence of Murrain and Dodda Roga in the Shimoga and Kadur Districts, respectively, during the first half of the year, while during the latter half no district was immune from cattle diseases. But from general reports there is reason to believe that there must have been a very heavy mortality from sickness and that the figures given in the statement are very much under the mark. The Taluk and District Jamabandi Officers will do well to verify the figures by checking the entries in the Kaneshumari Register of selected villages and enjoin greater care on village officers generally in the Register of cattle mortality."

No. R. 3695-3703—AGRI. 64-08-4, DATED BANGALORE, 10TH DECEMBER 1908.

ORDER THEREON.—Recorded.

The total mortality from sickness amounted to 88,553, showing an increase of 52,039 over the previous year. The Revenue Commissioner considers that the recorded figures underestimate the losses under this head. Government view this with much concern and trust that the newly organized Veterinary Department is fully employed specially in checking the spread of epidemic diseases. Under the present seasonal conditions, where scarcity of fodder is being largely experienced, it behoves the Deputy Commissioners to pay special attention to the condition of cattle and see that the deaths are properly registered and proper remedial measures applied in time.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue, (Agriculture), dated 12th December 1908.

READ—

Letter No. 5271, dated the 24th November 1908, from the Revenue Commissioner in Mysore, recommending sanction to the proposal of the Deputy Commissioner of the Chitaldrug District to utilize in view of the present unfavourable seasonal conditions, a portion of the sum of Rs. 5,000 which has been allotted to his District by the Revenue Commissioner for making advances to raiyats to do the earthwork of minor tanks, to make similar advances to raiyats to enable them to do the earthwork of restored major tanks, which, if the raiyats fail to carry out, has to be, under the rules, completed at Government cost and the cost recovered as an arrear of land revenue immediately.

No. R. 3742-3—AGRI. 81-08-2, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—Government are not in favour of showing any concessions where the failure to do the annual maintenance work of restored major tanks is due to wilful neglect or default, long persisted in. But, where, owing to adverse seasonal conditions or other unavoidable causes, the raiyats are unable to do the earthwork and in cases where the work being in an affected locality the clearing of silt and the doing of earthwork will serve as measures of relief, Government have no objection to the amount necessary to meet the cost of such earthwork being advanced during the present year to the raiyats and recovered in two or three instalments. A mutchalika should be taken from all the raiyats concerned so that the amount may be recovered as an arrear of land revenue in case of default.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 18th December 1908

No. R. 3904-12— AGRI. 95-08-1, DATED BANGALORE, 18TH DECEMBER 1908.

ORDER.—In order to enable Government to keep touch with the expenditure incurred by the Deputy Commissioners out of the funds sanctioned from time to time for sinking drinking water wells and other works of more or less public utility and for other relief measures on account of distress in the several parts of the State, the Revenue Commissioner is requested to arrange for obtaining from the Deputy Commissioners of Districts the necessary returns periodically, say once a week, showing individual works sanctioned by them and put in hand, and submit the same for the information of Government.

Proceedings of the Government of His Highness the Maharaja of Mysore. Revenue (Agriculture), dated 18th December 1908.

READ—

The annual report for 1907-08 submitted by the Agricultural Chemist to the Government of His Highness the Maharaja of Mysore with his letter No. 226, dated the 18th September 1908.

No. R. 3913-23—AGRI. 42-08-4, DATED BANGALORE, 18TH DECEMBER 1908.

ORDER THEREON.—Government have perused with interest the final report submitted by Dr. Lehmann prior to the expiry of the term of his employment in Mysore. Government have in their Proceedings No. R. 6540-1—Agri. 170-06-2, dated the 9th April 1908, expressed their appreciation of the services of Dr. Lehmann and have stated their general attitude with regard to the continuance of the work of the Agricultural Chemist's Department. The future conduct of Agricultural Research and experiment is still engaging the attention of Government and orders on the subject will be issued as early as practicable.

2. A substantial portion of the report is devoted to a description of the experiments undertaken and proposed on the Hebbal Farm. The former series was intended for purposes of standardization and is mainly interesting as showing the great difficulty of arriving at definite standards even in an area so restricted as that actually dealt with, and the caution that must be exercised in drawing conclusions from results obtained from experiments carried on for a short period only. Dr. Lehmann has laid out a series of experiments intended to throw light on certain important questions concerning the staple crops of Mysore, such as the best period for sowing, the best means of protecting them from the vicissitudes of the season and the crops that may be most usefully combined with them. It is believed that the present staff of the Farm will be able to carry on these experiments for the present on the lines thus clearly marked out, and the programme will doubtless be of much value to the superior staff when it is definitely constituted.

3. Some useful work was done during the year in the examination of several implements of agriculture with reference to their suitability to local conditions. These implements were displayed at the Dasara Agricultural and Industrial Exhibition and at other local shows in the State and their uses were also demonstrated on the Experimental Farm. The Pennsylvania thrasher costing Rs. 400 and reaping machine costing Rs. 240 are said to have attracted most attention and to be likely to prove popular with the raiyats if facilities are afforded for procuring them. The subject is commended to the attention of the Revenue Commissioner.

4. Dr. L. C. Coleman, M.A., PH.D., took up the appointment of Entomologist and Mycologist in January last. A portion of the Agricultural Chemist's Laboratory has been assigned to his use and he has started investigations with reference to a variety of insect and fungoid pests paying special attention to potato disease and to the *kole roga* that affects the *supari* gardens. The results of his investigations into the latter disease and of certain experiments directed to combating it are full of promise. The Deputy Commissioners of Districts are requested to give immediate intimation to Dr. Coleman of the appearance of insect pests or plant diseases in their districts. The raiyats should be induced to co-operate in giving such information and in carrying out such preventive measures as Dr. Coleman may recommend. Government desire that Dr. Coleman should, as far as the time at his disposal permits, pay special attention to the study of the spike disease in sandal the precise nature and causes of which have so far baffled investigation.

5. Separate proposals may be submitted regarding the transfer to the Geological Department of the two Senior Assistants who are doing analytical work in connection with that Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 19th December 1908.

READ—

Letter No. 5373, dated the 24th November 1908, from the Revenue Commissioner in Mysore, applying for a fresh grant of funds for masonry and stone work to minor tanks.

No. R. 3974-7—AGRI. 89-08-2, DATED BANGALORE, 19TH DECEMBER 1908.

ORDER THEREON.—The Revenue Commissioner reports that the sum of Rs. 1.00,000 provided in the current year's budget for masonry and stone work to minor tanks under the Minor Tanks Restoration Scheme has been nearly fully allotted to the various districts, and that the amount so allotted is found insufficient to meet all the requirements in this direction, as fresh applications for additional funds are being received from the Deputy Commissioners. He therefore requests that a fresh grant of Rs. 30,000 may be made to enable him to meet these applications. He suggests as an alternative that, from the sum of Rs. 1,00,000 sanctioned in Government Order No. R. 2541-51—Agri. 69-08-3, dated the 31st October 1908, for being advanced to the raiyats for the execution of earthwork to minor tanks, a sum of Rs. 30,000 may be allowed to be utilized for masonry and stone work.

It is observed that the expenditure on masonry and stone work has to be borne by Government and it is not therefore expedient to meet it from an allotment sanctioned on account of advances to raiyats. Government are therefore pleased to sanction an allotment of Rs. 30,000 for the purpose, out of the sum of about Rs. 1,85,000 surrendered by the Chief Engineer from the Public Works grant for the year.

Government Proceedings No. R. 2707-44—Agri. 31-08-4, dated the 7th November 1908, sanctioning extra allowances to all whole-time officials on civil establishments drawing a pay not exceeding Rs. 20 per mensem in the Bangalore, Kolar, Tumkur and Kadur Districts, and No. R. 3090-3127—Agri. 31-08-9, dated the 20th November 1908, granting similar allowances in the Shimoga District.

READ—

Letters No. 4935, dated the 13th November 1908, and No. 4945, dated the 12th November 1908, from the Revenue Commissioner in Mysore, and No. 280, dated the 20th November 1908, from the Deputy Commissioner of the Mysore District, recommending the grant of extra allowances to the officials in the Hassan, Chitaldrug and Mysore Districts respectively.

No. R. 3981-4019—AGRI. 31-08-17, DATED BANGALORE, THE 19TH DECEMBER 1908.

ORDER THEREON.—As from the letters read above it is observed that ragi, the common staple food grain of the people, has been selling at less than 12 seers per rupee in the Hassan, Chitaldrug and Mysore Districts, Government are pleased to sanction, for a period of three months in the first instance, an extra allowance at the following rates to all whole-time officials on civil establishments in those districts with effect from the 1st November 1908:—

(i) To officials drawing a pay exceeding Rs. 16 but not exceeding Rs. 20 per mensem—Rs. 2 per mensem.

(ii) To officials drawing a pay not exceeding Rs. 16 per mensem—Re. 1 per mensem.

When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

2. The allowance is admissible to men who are officiating or in temporary employment, and also to piece-workers in the Government Press, provided that they are drawing rates of salary which have been fixed with reference to normal circumstances; but the allowance is not admissible to men absent on leave, or under suspension, nor to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances will be taken into account in determining their pay for the purposes of this order.

3. The measure is calculated to involve an additional expenditure of Rs. 9,450 per mensem as shown in the margin and it will be met by re-appropriations regarding which separate orders will be passed.

Government Proceedings No. R. 2707-44—Agri. 31-08-4, dated the 7th November 1908, sanctioning extra allowances to all whole-time officials on civil establishments drawing a pay not exceeding Rs. 20 per mensem in the Bangalore, Kolar, Tumkur and Kadur Districts, and No. R. 3090-3127—Agri. 31-08-9, dated the 20th November 1908, granting similar allowances in the Shimoga District.

READ—

Letter No. 7105, dated the 12th November 1908, from the Chief Engineer of Mysore, enquiring whether the measure may be extended to the Public Works Department also and proposing, in case it be so extended, to meet the extra cost involved from the savings in the current year's Public Works budget, or from the savings in travelling allowances.

No. R. 4020-2—AGRI. 31-08-18, DATED BANGALORE, 19TH DECEMBER 1908.

ORDER THEREON.—In addition to the grant of extra allowance to certain classes of officials on civil establishments in the districts of Bangalore, Kolar, Tumkur, Kadur and Shimoga, Government have sanctioned similar allowances in the case of the Mysore, Hassan and Chitaldrug Districts in their Proceedings No. R. 3981-4019—Agri. 31-08-17, dated 19th December 1908. As this concession should be applicable to the officials of the Public Works and Military Departments also, they are pleased to direct that an extra allowance, calculated according to the following rules, shall be granted to the officials of these departments also for a period of three months with effect from the 1st October 1908 in the case of the Bangalore, Kolar, Tumkur and Kadur Districts, and from the 1st November 1908 in the case of the other districts:—

(1) The allowance will be admissible to all whole-time officials of the Public Works Department—both regular and works establishments and the office of the Railway Secretary—drawing a pay not exceeding Rs. 20 per mensem, and to similar officials in the Military Department, provided that they are not entitled to grain compensation allowance under the rules of the Military Department.

(2) To officials drawing a pay exceeding Rs. 16 but not exceeding Rs. 20 per mensem, the amount of allowance will be Rs. 2 per mensem.

(3) To officials drawing a pay not exceeding Rs. 16 per mensem, the amount of allowance will be Re. 1 per mensem. When the pay is less than Rs. 5 per mensem, the extra allowance may be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

2. The allowance is admissible to men who are officiating or in temporary employment, but not to men absent on leave or under suspension; nor to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances are taken into account in determining their pay for the purposes of this order.

3. The measure is calculated to involve an additional expenditure of Rs. 4,040 per mensem as shown in the margin. The Chief Engineer proposes to meet the extra cost involved in the case of the regular establishment, from the anticipated savings under travelling allowance and in the case of the works establishment from the provision made for the respective works. The Chief Commandant states that he can point out no source from which the extra cost involved on account of the Military Department could be met. Separate orders will, however, be passed on the subject.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 24th December 1908.

READ—

Letter No. 2842—Muz. 166, dated the 23rd November 1908, from the Comptroller to Government, requesting to be informed whether the concession of the grant of extra allowances to certain officials on account of the dearness of provisions, sanctioned in Government Order No. R. 2707-44—Agri. 31-08-4, dated the 7th November 1908, is applicable to the following classes of officials in the Muzrai Department paid out of the funds of Muzrai Institutions under Government management:—

(i) Officials serving in the Muzrai Branch of the General and Revenue Secretariat, Deputy Commissioners and Taluk Offices.

(ii) Servants in the Muzrai Institutions who are paid nominal salaries and engaged for a definite service only.

No. R. 4149-50—AGRI. 31-08-20, DATED BANGALORE, 24TH DECEMBER 1908.

ORDER THEREON.—The officials of class (i) mentioned above are, with a few exceptions, paid from State Funds and are therefore eligible to the extra allowance. The others who are paid from the funds of certain institutions are bound to place the whole of their time at the disposal of Government and should therefore be treated similarly. The extra charge caused by these concessions will be met from the funds from which the salaries are paid.

2. The officials of class (ii) are engaged only for rendering specific services, or are employees of institutions which receive only a fixed grant-in-aid from Government and they are therefore not entitled to the extra allowance.

(1) Widening out the bund of Kodikannur tank, Kolar Taluk...	2,000
(2) Widening out the bund of Lakshmisagar tank, Srinivaspur Taluk ...	1,000
(3) Widening out the bund of Sadali tank, Sidlaghatta Taluk..	2,000
Total ...	5,000

No. R. 4152-55—AGRI. 69-08-21, DATED BANGALORE, 24TH DECEMBER 1908.

ORDER THEREON.—The proposed works are sanctioned and should be started in due course.

2. Government observe that the road on the Kodikannur tank bund is a Provincial road and arrangements should therefore be made to debit the cost of widening it to the Public Works Department. There is not likely to be much difficulty for the District Funds to meet the cost of the other two works if the District Fund Board will approve them, as the estimated closing balance for the current year exceeds the minimum required by nearly Rs. 24,000. In that case no additional grant from the Local Funds General will be necessary. Otherwise their cost may be debited to Local Funds General as proposed.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 30th December 1908.

READ—

Letter No. D. 214, dated the 17th December 1908, from the Revenue Commissioner in Mysore, forwarding copy of a D. O. letter No. 8, dated the 16th December 1908, from the Deputy Commissioner, Chitaldrug District, proposing the extension of gratuitous relief to the whole of the Chitaldrug District.

No. R. 4234-42—AGRI. 54-08-12, DATED BANGALORE, 30TH DECEMBER 1908.

ORDER THEREON.—The Deputy Commissioner reports that though it is only a part of the Chitaldrug District, that is affected with scarcity, considerable distress exists in other parts also on account of a contraction of private charity. He therefore enquires whether he may extend gratuitous relief to deserving cases in the whole district. The grant of gratuitous relief prior to the declaration of famine has been specially sanctioned and Government agree with the Revenue Commissioner in the opinion that it should be strictly confined to the affected tracts and need not be extended to other parts.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioner, Chitaldrug District.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 31st December 1908.

READ—

Letter No 4831, dated the 17th December 1908, from the Conservator of Forests in Mysore, forwarding copies of correspondence between himself and the several Deputy Commissioners and District Forest Officers in the State on the subject of supplying fodder to cattle and affording employment to the poorer classes.

2. Letter No. 4832, dated the 18th December 1908, from the same officer, stating that it is reported by the Deputy Commissioner of the Shimoga District that no cut grass is required in his district.

No. R. 4281-90—AGRI. 41-08-72, DATED BANGALORE, 31ST DECEMBER 1908.

ORDER THEREON.—Recorded.

2. From the correspondence submitted with the letters read above, Government observe that in the matter of Supplying fodder to cattle, the Conservator of Forests has issued instructions to the District Forest Officers of the Kadur, Bangalore and Shimoga Districts to have 100 tons of grass cut from the State Forests in each of the districts, employing local labour as far as possible in cutting the grass, and to transport it to convenient centres on the railway line. As a supply of cut grass was reported to be unnecessary at present in the Shimoga District, no arrangements were needed in the matter. The Deputy Commissioners have been furnished with information as to the localities where grass is available in their districts.

3. As regards the cost of delivery of cut grass at Railway Stations, the Conservator reports that it may range from Rs. 7-8-0 to Rs. 10-0-0 per ton in all the districts except in the Mysore District, where on account of the great distance of the forests from the railway line, the cost may amount to Rs. 20 per ton.

4. The taluks which chiefly require a supply of fodder are Channarayapatna, Nagamangala, Mandya, Tiptur and Arsikere. As there are no State Forests close to these places, facilities have been afforded for conveying cattle of these parts to the forests of the Mysore and Shimoga Districts where grass of good quality is available. Government note that instructions have been issued to the District Forest Officers to see that exploited coupes are not thrown open to cattle grazing and that proper precautions are taken to prevent injury to forests through carelessness on the part of the herdsmen. Arrangements have also been made to sink wells in such of the forests as have no good water-supply in them.

5. Instructions have been issued by the Conservator to the Deputy Commissioners and District Forest Officers to intimate the quantity of grass required in their districts, the number of cattle grazing in State Forests, and the arrangements in general, made for the supply of fodder. The District Forest Officers have also been directed in view of the seasonal conditions to take steps to prevent distress to the Kurubars and Soligars living in State Forests. Government think that these instructions are suitable, and they will be glad to have a report on the action taken by the Deputy Commissioners and the District Forest Officers in accordance therewith.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 3rd December 1908.

READ—

Letter No. 3881, dated the 17th November 1908, from the Conservator of Forests in Mysore, submitting for orders copy of letter No. 1230, dated the 11th idem, from the Deputy Commissioner, Bangalore District, recommending the free grant of building materials from the Handigondi State Forest in favor of seven raiyats of Singraboyidoddi in the Closepet Sub-Taluk whose houses were destroyed by an accidental fire on the 7th March 1908.

No. R. 3530-8—Ft. 47-08-5, dated Bangalore, 3rd December 1908.

Order thereon.—Of the seven sufferers, one pays a kandayam of Rs. 6-1-6 and the others do not pay any kandayam being mere sub-tenants. The Deputy Commissioner recommends that the value of free grants to be made be limited to Rs. 15 in the case of the first and to Rs. 10 in the case of each of the others, and that the materials required over and above these limits be sold to them at half the usual rates. The Conservator doubts the utility of making any free grants after the lapse of eight months since the occurrence of the fire and recommends that the materials required by the sufferers be sold to them at half the usual rates.

2. From the vernacular correspondence, it is observed that the fire occurred on the 7th March 1908, and the first report was submitted by the Deputy Amildar of Closepet on the 26th of the same month. Owing to want of complete information the papers were returned twice from the Deputy Commissioner's office. The persons whose houses were burnt are woddars, who belong to a most backward class and deserve all the help that may be given to them under the rules. They should not be made to suffer on account of the delay in the recommendations. Under the circumstances, Government are pleased to sanction the Deputy Commissioner's recommendation and direct that the materials be granted from the Handigondi State Forest.

3. Government take this opportunity to again deprecate delays such as that which has occurred in the present case. If the Deputy Amildar was well acquainted with the rules and prescribed forms, there would have been no occasion for his application to have been returned for revision and correction.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests, returning the vernacular papers.
The Deputy Commissioner, Bangalore District.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 7th December 1908.

READ—

Letter No. 1905, dated the 4th September 1908, from the Conservator of Forests in Mysore, submitting his Inspection Note of the Shimoga District Forest Office dated the 5th and 6th May 1908.

No. R. 3644-6—FT. 61-08-4, DATED BANGALORE, 7TH DECEMBER 1908.

1. ORDER THEREON.—Recorded. .

2. *Para 2.*—Arrangements should be made for the supply of the maps of forests within three months after the completion of the survey.

3. *Para 9.*—The cost of plague shed materials outstanding is very heavy. The Deputy Commissioner is requested to adjust the amounts at a very early date and submit a report for the information of Government. The amount due by Mr. Hajee Ismail Sait, should be recovered early. Government desire that the Conservator should insist that the adjustment of all items is, as far as possible, completely effected within the year to which they relate.

4. *Paras 16 and 25.*—The irregularities observed in the maintenance of cash book, especially those which have caused a want of agreement between the Range Officers' and the District Forest Officer's Cash Books are very serious and immediate steps should be taken to ascertain the causes of the differences and remove them. It is needless to emphasize the importance of putting an end to such confusion which would offer great temptation to fraudulent practices. The attention of the Comptroller is invited to the remarks of the Conservator regarding the imperfect scrutiny exercised in his office over the accounts submitted to him.

5. Government regret to note that there has not been any improvement in the state of the District Forest Office since the last inspection and the maintenance of accounts and registers is still very unsatisfactory. The District Forest Officer should be requested to give his personal attention to the removal of all the defects noticed by the Conservator and endeavour to bring his office to a proper standard of efficiency.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

READ—

The following papers relating to the settlement of the Kallammankumri Forest in the Hunsur Taluk:—

(1) Letter No. 289, dated the 11th May 1908, from the Forest Settlement Officer in Mysore.

I have the honor to report the conclusion of the settlement of Kallammankumri Forest in the Hunsur Taluk of the Mysore District.

(2) The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area as a State Forest, appeared on page 135, Part I of the English Gazette, dated 28th February 1907. The proclamation under Section 5 of the said Regulation was issued from this office on the 20th February 1907 and the same appeared on pages 82 and 83, Part II, Kanarese Gazette, dated 28th March 1907.

(3) I perambulated and inspected the block in company with the Sub-Assistant Conservator and the Amildar on the 13th December 1907. The villagers of Arlikumri and Avarti, were also present. Inquiry under Section 7, was held and the statements of the parties concerned recorded.

(4) The following claims were preferred—

(i) one claim to right of way, and

(ii) one claim to right of free grazing. These claims were admitted and have been recorded in the " B " Register.

(5) The Deputy Commissioner states in his No. 4520, dated the 8th instant, that an appeal petition from the Avarti villagers was received in his office on the 23rd March 1908, *i. e.*, within the appeal time and that the same was returned to the petitioners as it was unstamped. The petition not having come back before the 2nd May, when the period of appeal expired, it may be presumed that no appeal has been preferred against my decision. In this connection, I beg to enclose herein the petition from Sonnappa and others of Avarti village, received with the General and Revenue Secretary's Memorandum No. R. 6194—Ft. 7-07-10, dated the 25th March 1908, for transmission to Government for such orders as they may deem fit. The villagers pray that the grazing fee of one anna per head of cattle per annum ordered by me may be excused.

(6) The following records are herewith submitted—

1. "B" Register.
2. "C" Register.
3. Boundary notification.
4. Sketch map, and
5. Topo tracing.

The date from which the reservation has to take effect may be inserted in the draft boundary notification.

2. Letter No. 1737, dated the 1st August 1908, from the Revenue Commissioner in Mysore, submitting the settlement papers and stating that the Deputy Commissioner recommends that in the case of young live-stock, the grazing fee may be reduced to half anna per head.

3. Letter No. 2887, dated 15th October 1908, from the Conservator of Forests in Mysore, submitting his opinion on the settlement.

4. Letter No. 118, dated the 19th November 1908, from the Forest Settlement Officer in Mysore, resubmitting the settlement papers after supplying the omissions.

5. Registers B and C.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kallamankumri State Forest

1	2	3	4	5	6	7	8	9
1	Venkatasubbiah, shanbhog of Arhkumri (Asli) on behalf of villagers	13th Dec. 1907	Requests that the existing right of way leading from Arhkumri to Frazerpet, passing in the lands (fields) of Kallamankumri may be allowed for the use of men and cattle all the year round. There is no objection to include the area into the forest.	Shown in the village map	May be given	Admitted for men and cattle all the year round, the width of the path being 6 feet. The proposal of the Forest Department is confirmed, as the villagers raised no objections to the reservation. (Sd.) M. Shama Rao, Forest Settlement Officer. 13th December 1907.	.....	
2	Anjanappa, patel of Arvarti village on behalf of raiyats	Do ...	Represents that there is no gomal for this village and the cattle have been grazing in the lands of Kallamankumri for the past several years and requests therefore that free grazing, fuel and agricultural implements may be granted in the forest, free of cost.	Mamool right ...	Grazing may be allowed on payment of a small fee, no other concession be granted.	This village has no gomal of its own, and some portion is necessary for the grazing of their cattle which are 481 in number. As agreed to by the District Forest Officer, the villagers are permitted to graze their cattle 481 in number except sheep and goats throughout the year in the State Forest, on payment of a fee of one anna per head per annum. *It is also gathered from the Taluk records that the raiyats of this village had been permitted to graze their cattle since 1899 in the area proposed for reservation, as they had no other grazing land. (1) The claim of the villagers for the gran of fuel and agricultural implements free of cost is rejected, as unnecessary. (2) The area of deserted Kallamankumri village site, viz., 7 acres, 20 guntas is also added to the settled area as directed in Government Order No. R. 2440—Ft. 51-08-4, dated 23rd October 1908. (Sd.) M. Shma Rao, Forest Settlement Officer 19th November 1906.	. ...

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. R. 3660-4—Ft. 51-08-6, dated Bangalore, 8th December 1908.

Order thereon.—The area of the block notified under Section 4 of the Forest Regulation was 678 acres and 32 guntas. This did not include the village site of the deserted Kallammankumri village which is in the middle of the block; and as the village site cannot be excluded, this will be included in the forest. The area of the forest will thus be 686 acres and 12 guntas.

2. With the above modification, the settlement made by the Forest Settlement Officer is approved and a notification will be published as hereunder in the *Mysore Gazette*, the 1st of January 1909, being entered as the date from which the tract shall be declared a State Forest.

3. The Deputy Commissioner of the Mysore District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

4. The assessment aggregating Rs. 96-8-0 on 142 acres and 14 guntas of assessed waste lands of Arlikumri village taken for the forest will be written off the accounts.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Forest Settlement Officer in Mysore.
The Deputy Commissioner, Mysore District, with map and Registers B and C.
The Revenue Commissioner in Mysore, returning the original enclosures.
The Conservator of Forests in Mysore.
The Superintendent, Mysore Revenue Survey and Settlements.

NOTIFICATION.

No. R. 3665—Ft. 51-08-7, dated Bangalore, 8th December 1908.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st January 1909, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block	Boundaries
Mysore	Hunsur, Arlikumri Hobli, Harnahalli	1·07 square miles	Kallammankumri	*North.*—Starting from the north-east corner boundary stone of Dodharve State Forest on Kemborehalla, the line runs north-east following the said halla to the point where it joins Jodhalla at the northernmost corner of Survey No. 38 of Kallammankumri village. *East.*—Thence south-east along the above Jodhalla to the gadi bandh of Lakshmipur and Arlikumri. *South.*—Thence north-west and west along the north side of Survey No. 14 to its north-west corner; thence south-west along the north sides of Survey Nos. 11 and 10 to the north-west corner of the latter number; thence south-west along the north side of Survey No. 10 and west side of Survey Nos. 10 and 9 of Arlikumri to a point about 10 chains north from the southernmost corner of Survey No. 9 of the same village. *West.*—Thence north-east and north along the Kemborehalla to the starting point.

Forest, dated 8th December 1908

REMARKS

A. The following right of way is admitted within the block —

Foot-path.—From Arlikumri to Fraserpet, 6 feet wide, about 90 chains long, open for men and cattle only all the year round. It enters the forest in its southern boundary in Survey No. 10 of Arlikumri, goes north-east through Survey Nos 41, 30 and 31 for a distance of 40 chains and in the same direction through Survey No 41 for a distance of 50 chains and quits the forest at a point about 2 chains west from the northernmost corner of Survey No. 38.

B The following concession is allowed within the block —

The villagers of Avarti are allowed to graze their cattle (481 in number) except sheep and goats in the State Forest on payment of a fee of one anna per head per annum throughout the year.

By Order,

K. S. CHANDRASEKHARA AIYAR,
Secy to Govt, Gen & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue Miscellaneous, dated 12th December 1908.

READ—

Letter No. 5018, dated 15th November 1908, from the Revenue Commissioner in Mysore, recommending the disbursement of the potgi in quarterly instalments to the Shanbhogs and Patels in the several districts, instead of at the end of the year, owing to the rise in prices of food grains on account of the failure of rains.

2. Letter No. 5202, dated 22nd November 1908, from the Revenue Commissioner in Mysore, forwarding for orders letter No. 265, dated 16th November 1908, from the Deputy Commissioner of the Chitaldrug District recommending the payment of one half of potgi to the Shanbhogs and Patels of his district immediately, the remaining amount being paid to them at the end of each quarter owing to the failure of crops and the consequent high prices of food grains.

No. R. 3747-56—R. M. 71-08-3, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—Government are pleased to authorize the Deputy Commissioners of districts to grant at their discretion advances of potgi, to Shanbhogs and Patels, in the affected tracts in quarterly instalments, the payment for the quarter ending 30th September 1908 being made after the 1st January 1909, and that for the next quarter, after the 1st March 1909.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 7 of 1908-09.

Appellant	*versus*	Respondent
Tirunaraniengar, son of Kesavachar of Heragu village, Hassan Taluk		Srinivasadesikachar, SchoolMaster, Ambuga hobli, Hassan Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, directing in reversal of the order of the Deputy Commissioner, Hassan District, the cancellation of sale, in which the appellant was the purchaser of Survey No. 13 of Heragu village in the Hassan Taluk, held on account of the arrears of revenue due on khata No. 28 of the said village for 1904-05 and 1905-06.

1. The facts of the case appear in full in the following order of the Revenue Commissioner appealed against:—

(*a*) "For arrears of kandayam of Rs. 73-14-7 due on khata No. 28 of Heragu village, for the years 1904-05 and 1905-06, a demand notice was issued to the khatedar Srinivasa Iyengar and was served on him on the 22nd April 1906. He made an endorsement on the notice to the effect that the arrears were not payable by him, but by his brother Tirunaraniengar and two others, *viz.*, Srinivasadesikachar and Narasimhachar. No notice was, however, issued to these persons. The default continuing, all the numbers in the said khata were declared forfeited and were advertised for sale on the 19th November 1906. The shekdar who was authorized to conduct the sale adjourned it to the 21st idem, on which date Survey No. 13 of the khata extent, 2 acres and 12 guntas, assessment Rs. 13, the value of which was estimated to be Rs. 20, was sold and knocked down to the highest bidder, Tirunaraniengar, 3rd respondent, for Rs. 200."

(*b*) "On the 22nd November 1906, *i. e.*, the next day after the sale, the appellant Srinivasadesikachar, alleging that he was a co-sharer of Survey No. 13, petitioned the Treasury Assistant Commissioner for the cancellation of the sale on the ground that he had no knowledge of it and that it was brought about by the other co-sharer Tirunaraniengar to defraud him. He also paid Rs. 14-9-4, being the kandayam due on Survey No. 13. On receipt of a report from the Amildar in the matter, the Treasury Assistant Commissioner ordered on 29th May 1907 that the petitioner (the appellant) should pay the full amount of arrears due on the khata within five days or the sale would be confirmed."

(*c*) "Against this order, Srinivasadesikachar complained to the Deputy Commissioner that he was not liable to pay the arrears on the whole khata. But the Deputy Commissioner in his Order No. 63, dated 11th July 1907, observed that the petitioner failed to pay the kandayam on Survey No. 13 before the sale; that it was conducted after all due formalities and that the lands realized a very good price at the sale, and he, therefore, confirmed the sale. The present appeal is against this order."

(*d*) "The case came on for hearing on the 1st February 1908 when the appellant with Mr. N. V. Narasimha Iyengar, Advocate, was present and the respondents were absent. Third respondent endorsed on the notice that the case might be disposed of on the merits of the records."

(*e*) "*Order of the Revenue Commissioner.*—There have been many irregularities in this case. In the first place, the appellant's joint occupation was well known to the shanbhog, who had issued duplicate receipt books and collected Rs. 3 and odd on the 2nd June 1906. Notice should certainly have been given to the appellant.

Secondly.—The land was clearly worth more than Rs. 200 and the shekdar should not have been entrusted with the sale.

Revenue Miscellaneous, dated 18th December 1908

Thirdly.—The sale which had been fixed for the 19th November 1906, was adjourned to the 21st idem by the shekdar without his going to the spot, on the ground that he was detained in the Taluk Cutcherry on the 19th and that he had to conduct other sales on the 20th.

Fourthly.—The shanbhog and the parties are all Sreevaishnavas and the sale was apparently brought about in collusion and the land was purchased by one of the sharers, who was probably himself a defaulter. It is strange that, under these circumstances, the Sub-Division Officer should have insisted on appellant paying the whole arrears as a condition precedent to setting aside the sale. In this case, it is clear that the provisions of the Code have been taken advantage of to ruin an innocent party and the proceedings are grossly irregular. The sale is therefore set aside."

2. The case came on for hearing on the 24th November 1908 when both the parties were present and were heard.

Decision.

The records show that the sale in question was conducted with due observance of the formalities prescribed by law. The mere fact of a duplicate receipt book having been granted to the respondent cannot entitle him to the rights of a khatedar to have the demand and other notices issued to him prior to the sale. If he was interested in the land he should have got his name entered in the special register. In his petition dated 22nd November 1906 presented on the next day after the sale, the respondent applied for cancellation of the sale, on the ground that he had believed that his brother would pay the kandayam due by him on the land. The records, however, show that the said brother Narasimhachar was actually present and had even bid at the sale and it is stated that some other lands in the khate of the respondent which were to be sold on the same day were saved from sale by Narasimhachar paying the arrears due thereon. It cannot, therefore, be believed that the respondent was unaware of the sale proceedings. The case is rendered worse for the respondent by the fact that the Assistant Commissioner before confirming the sale gave him a chance of saving his land by paying the arrears due on the entire khate within a specified time, but that he failed to avail himself of it. His plea that he was not bound to pay the arrears due on the entire khate but only on Survey No. 13 in which he was interested cannot be upheld, as the sale proceedings had been taken in respect of the entire arrears. As regards the contention that the appellant being a defaulter, he should not have been allowed to bid at the sale assuming that he was really a defaulter, which he does not admit, there is nothing wrong in his bidding for and saving the land in which he was interested as a co-tenant from passing away to others, as the Revenue Law does not expressly prohibit defaulters from bidding at such sales. Taking all circumstances into consideration, Government are unable to uphold the order appealed against and direct that the said order be reversed and that of the Deputy Commissioner restored.

Appeal allowed.

No. R. 3924—R. M. 229-07-6, DATED BANGALORE, 18TH DECEMBER 1908.

Copy of the above is forwarded to the Revenue Commissioner in Mysore, together with the records of the case received with his letter No. 3470, dated the 15th September 1908.

The Report on the working of the Stamp Department for the year 1907-08, received with letter No. 139, dated the 31st October 1908, from the Commissioner of Stamps.

No. FL. 2573-4—S. R. 87-08-2, DATED BANGALORE, 4TH DECEMBER 1908.

ORDER THEREON.— Recorded with the observation that there has been a delay of one month in the submission of the report.

2. The Stamp Revenue for the year was Rs. 7,98,294 being better than that of last year by Rs. 40,012 and the increase was mainly under General and Court Fees Stamps. There were some small decreases under the miscellaneous items of revenue. The rise or fall in the several items of revenue should be accounted for by the Stamp Commissioner as far as possible. There is no attempt at such explanation in the report under review except for the decrease under the stamp duty realised in the Stamp Superintendent's office.

3. The chief object of the arrangements sanctioned in Government Order No. Fl. 9083—S. R. 140-06-2, dated the 8th June 1907, was to provide for a systematic inspection of the records of Civil, Criminal and Revenue Courts with a view to ascertain whether the Stamp Laws and Rules are being strictly enforced and any frauds are committed in respect of Stamp Revenue by the omission to deface stamps once used and other means. It is regrettable that the inspection work during the year left much to be desired. It is hoped that this work is now receiving its full share of attention from both the Commissioner and the Inspectors of Stamps. It is noted that the statement showing the amount of stamp inspection work performed and remaining to be performed in each district prescribed in para 9 of the order of 8th June 1907 has not accompanied the report.

4. The Government will be glad to see in the next report some mention of the facilities provided for the supply of stamps of the various kinds to people needing them, whether the number and distribution of the vendors is sufficient and suitable, what steps are taken to see that they are accessible and that they maintain an adequate stock of all the denominations which they are licensed to vend, and so forth.

READ—

Report on the Administration of the Excise Department of the State for the year 1907-08, received from the Excise Commissioner in Mysore, with his letter No. 3294, dated 28th September 1908.

No. FL. 2585-95—S. R. 74-08-3, DATED BANGALORE, 4TH DECEMBER 1908.

ORDER THEREON.—*Administrative changes.*—Several reforms in the administration of the Excise Revenue were introduced during the year. The more important of them were the following:—

The rules relating to methylated spirits and beer were amended with a view to bring the consumption of these liquors under better control. The rates of tree-tax on date and bagani trees were revised. The duty payable on ganja and majum and the prices for the retail sale of these drugs were also enhanced. Arrangements were also made for the supply of ganja to retail vendors in sealed boxes containing specified quantities of the drug through the agency of the Taluk Treasuries instead of through contractors. Rules for controlling the import of foreign liquors were passed and they came into operation from 1st July 1908. The issue and the retail vend prices of opium were also enhanced.

2. *Country spirits manufacture.*—The maintenance of a second still at the Central Distillery both to provide against breakage and to ensure the continuity of manufacture and as an arrangement in readiness for increasing the supply in the event of a large demand, without resort to working overtime appears to be a desirable measure of precaution and Government will be glad to see it adopted.

3. It is noted that the instructions issued regarding the cleanliness of the store, fermentation plant and premises, are carefully observed and that precautions regarding the keeping under lock and key of all the rooms in the distillery and the still and the vessels or pipes into or through which spirits may pass are also being taken. An accurate account of materials used and of the attenuation of the wash is very necessary and early steps should be taken for its maintenance, and on the account thus kept, a strict check should be kept over materials used against spirit produced and of loss through any cause within the distillery.

4. It was not possible to provide funds this year for the establishment of warehouses for storing and issuing liquor under Government management. The early construction of these depots is necessary as stated by the Excise Commissioner and the question of allotting the money required for introducing the new arrangement already approved of by Government will be considered in connection with the budget for next year.

5. The number of arrack shops in 1907-08 was 13 less than in 1906-07. While the revenue from rental was on the whole practically the same as in 1906-07, there was a very large increase in the revenue from duty. This was due to the quantity of arrack issued for public consumption having amounted to 405,420 gallons and 26 drams, being an increase of 35,026 gallons and 48½ drams or 9·4 per cent, as compared with the previous year. The causes of this increase are explained by the Excise Commissioner in paras 36 to 38 of the report under review. They are briefly the excessive rainfall in the malnad districts during the early part of the year, the inadequate supply of toddy in some places, the employment of a large number of coolies in connection with the manganese industry in the Shimoga, Kadur and Chitaldrug Districts and the supply of a superior quality of arrack during the year, the manufacturers having had to use sugarcane jaggory instead of molasses for the preparation of worts.

6. It is noted that the consumption of special liquors manufactured at the Central Distillery is increasing probably displacing the less wholesome and cheap brands of foreign liquors.

7. An additional shop for the sale of foreign liquors was opened at Shimoga, and the number of such shops in 1907-08 was accordingly 47 against 46 in 1906-07.

There was a slight fall in the quantity of foreign liquors consumed during the year and this, as stated in para 7 *supra*, was probably the result of the competition of the comparatively superior local special liquors.

8. There were 20 date toddy shops and 112 bagani toddy shops less in 1907-08 than in 1906-07. The revenue from rental decreased by about 1½ lakhs as compared with the previous year and this large fall is attributed mainly to the enhanced rates of tree-tax which came into force during the year.

9. The comparative statistics of the percentage of tree-tax and shop-rental to total toddy revenue in the Madras Presidency and Mysore given in Appendix G. I. are interesting. Though the proportion of vend fees to tree-tax in Mysore seems to be steadily on the decrease, it is still high, as compared with the position in Madras where the tree-tax system has been in force for a much longer period than in Mysore, indicating the possibility of further enhancement in the rates of tree-tax. The rates having, however, been recently raised, the effect of the enhancement already made has, as stated by the Excise Commissioner, to be watched before considering the question of still further increasing the rates of tree-tax.

10. It is noted that the number of trees in Mysore and Madras taken up by the Madras and Mysore licensees during the year under report, shows that there is not, as feared last year, any deterioration of the Mysore groves and that the fluctuations in the number of trees inter-tapped are probably dependent on considerations of convenience for tapping purposes on the part of licensees who take up the frontier shops. All the same the groves require great care to maintain them in tappable condition and this work, it is observed, received attention during the year.

11. *Akkibhoja.*—It is reported that Akkibhoja offered for sale is most unhealthy and poisonous owing to the admixture of a number of drugs possessing narcotic properties with a view to render it stronger and more intoxicating. Effective steps should be taken to prevent tampering with the purity of this liquor and Government will be glad to know what measures the Excise Commissioner has taken in the matter.

12. *Ganja.*—The fall in the consumption of ganja is stated to be due to the inferior quality of the drug imported from Kanyambady in the Madras Presidency and supplied to the licensees during the year. This ganja was selected by an officer of the department specially deputed for the purpose. Para 76 of the report shows that the locally grown ganja was also very inferior in quality. With a view to improve the quality of the drug as also to avoid the difficulties experienced in getting it grown by private cultivators, proposals have already been called for from the Excise Commissioner to open Government farms to be worked by departmental agency.

13. *Opium.*—The consumption of opium in 1907-08 was also less than in the previous year and the falling off was the result mainly of the enhanced rate of retail vend. The assimilation of the rates of issue and vend prices of opium in the Civil and Military Station of Bangalore with those prevailing in the rest of the State will, it is hoped, restore the sale of this drug in the Bangalore City to its normal level.

14. *Measures for the protection of Revenue.*—The preventive work of the department in the districts of Kolar, Mysore, Hassan, Shimoga and Chitaldrug was not quite satisfactory, and does not reflect credit on the executive staff. The Excise Commissioner should take steps to ensure the prompt detection and punishment of offences against the Excise Laws and Rules.

15. The observations of the Excise Commissioner at para 95 of his report regarding punishments awarded in cases of unauthorized cutting of date leaves will be communicated to the Chief Court for such action as may be deemed necessary.

16. The question of opening a school for giving to the officers of the department a systematic course of training in their work is engaging the attention of Government and early orders may be expected.

17. *Inspection.*—The inspection work in Bangalore and Shimoga Districts left much to be desired and Government view with displeasure the District Excise

Officers' inattention to this most important part of their work. They should be informed that severe notice will be taken of such slackness if continued.

18. It is noted that the Excise Commissioner Mr. Sparkes inspected all the District Head-quarter Offices and a large number of Taluk and Range Offices.

19. *Financial results.*—The net revenue due to the department for the year exclusive of local cess and rent on toddy yielding trees payable to other departments, was Rs. 41,53,255 against Rs. 40,49,642 for the previous year. With the arrears that remained at the close of the previous year the aggregate demand was Rs. 44,26,682 out of which a sum of Rs. 41,80,006 was actually collected and a sum of Rs. 2,985 was remitted, leaving a balance of Rs. 2,43,691 at the close of the year. About half of this balance relates to 1902-03 and previous years and early steps should be taken for the recovery of these arrears. The collection work during the year was satisfactory, 99·3 per cent of the year's demand and 21·2 per cent of the arrears having been realised against 97·9 and 19 per cents of the corresponding amounts in the previous year. It is noted that 8 Taluks collected the whole amount due including arrears, while 22 realised the demand for the year in full.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Courts), dated 12th December 1908.

READ —

Letter No. 2207—106, dated the 28th September 1908, from the Registrar of the Chief Court of Mysore, forwarding a report on the administration of Criminal Justice in Mysore for the year 1907-08 with the usual returns.

No. J. 1680-88—CTS. 121-08-3—DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—The chief administrative changes made during the year were (1) the abolition of the separate District and Sessions Court for the Bangalore Division and the investiture of the Chief Court with original criminal jurisdiction over the said division and (2) the separation of Judicial and Executive functions in certain selected taluks. As an experiment in the direction last mentioned, the Amildars of Bangalore, Mysore, Kolar, Hassan, Hole-Narsipur, Sagar and Maddagiri Taluks were relieved of their magisterial duties, and these were assigned in Bangalore and Mysore to the City Magistrates and in the other taluks to the Munsiffs. It is reported that in some places this arrangement has retarded the prompt disposal of civil work, though in other respects it has generally worked satisfactorily. The Government will await further experience of the working of the system before deciding on any extension or change.

2. The number of offences reported and persons brought to trial was greater than during the previous year. The district of Bangalore contributed largely to the increase, chiefly under offences relating to the human body, *viz*, criminal force and assault. Government note that action under Section 562 of the Criminal Procedure Code was taken only in 17 cases. They trust that Magistrates will make use of this beneficent provision of law in all suitable cases and give first offenders an opportunity for reform.

3. The average duration of Sessions cases disposed of by the Chief Court was much greater than that in the other Sessions Courts, but it is observed that this was due to the protracted trial of a case in which the accused had to be tried both in the Chief Court Sessions and in the Civil and Military Station Sessions. The average duration of appeals in the lower courts also increased. The District Magistrates of Mysore, Shimoga and Tumkur who are reported to have contributed mostly to this high average have offered no explanation therefor. Government desire that their explanation may be called for and forwarded to Government with the opinion of the Chief Court. The average duration in cases other than appeals was nearly twice as much as in the previous year. If the calculations are correct, the fact is regrettable.

4. Most of the subordinate courts in the districts were inspected by the District Magistrates, and one of the Judges of the Chief Court inspected several courts in the Hassan, Kolar and Shimoga Districts.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore, with the District Magistrates' reports,
The District Magistrates of Districts.

Exd.— C. S.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 2215—107, dated the 28th September 1908, from the Registrar of the Chief Court of Mysore, forwarding the Report on the Administration of Civil Justice in Mysore for the year 1907-08.

No. J. 1689—CTS. 133-08-3, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—During the year under review, there were several changes in the number and jurisdiction of Civil Courts in consequence of the retrenchments ordered to be effected in the Judicial Department. The District Judge's Court at Bangalore, the Subordinate Judges' Courts at Hassan and Chikmagalur and the Munsiffs' Courts at Dodballapur and Yedahalli were abolished with effect from the 1st July 1907. Unlimited Civil jurisdiction was conferred on the Subordinate Judge at Bangalore and two Munsiffs' Courts were established at Hassan and Chikmagalur, the former with jurisdiction over the taluks over which the jurisdiction of the Sub-Court extended prior to its abolition in the year, and the latter with jurisdiction over the whole of the Kadur District, except the Yedahalli Sub-Taluk which was assigned to the Munsiff of Shimoga. The Territorial jurisdiction of the Court of the Subordinate Judge of Mysore was also extended to the Revenue District of Hassan. The taluk of Nelamangala was added on to the jurisdiction of the Principal Munsiff of Bangalore and the taluks of Devanhalli, Dodballapur and Goribidnur were added to that of the Munsiff of Chikballapur. The Munsiff of Hassan was invested with the powers of a District Court under the Succession Certificate Regulation, Part I.

General.

2. Including 368 appeals pending at the end of the previous year, the Chief Court had during the year under review 722 first appeals for disposal. Two hundred and four of these were disposed of, leaving 518 pending at the end of the year. The number of second appeals filed during the year was 181. Including 198 second appeals pending at the close of the last year, there were in all 379 second appeals to be dealt with as against 333 in 1906-07. Of these the number disposed of was 150 as against 135 in the preceding year. The average duration of first and second appeals was 398·56 and 327 days, respectively, as against 296·10 and 238·62 days in the previous year. This increased duration, as also the increase in the arrears left at the end of the year was no doubt due in great part to the transfer to the Chief Court of the Sessions work of the Bangalore Division. With a view to enable the Chief Court to clear the arrears, a fourth Judge has recently been appointed since the close of the year under review.

Work in the Chief Court.

On an examination of the figures of the past five years, it is observed that the proportion of first and second appeals to original decisions in the Civil Courts of the State is as 1 to 8, while in Madras during the year 1906, it was as 1 to 14·6. The proportion of successful appeals to total number of appeals in Mysore, is as 1 to 9·65 while in Madras it was as 1 to 13·11.

3. The disposal of appellate work in the Chief Court during the past five years is exhibited in the subjoined statement.

Appeals in the Chief Court

Year	First appeals		Second appeals		Total		Average duration	
	Disposed of	Pending	Disposed of	Pending	Disposed of	Pending	First appeals	Second appeals
							days	days
1903-04	253	417	233	111	486	561	522	452
1904-05	318	296	225	178	543	474	350	236
1905-06	214	319	258	118	470	437	312	214
1906-07	229	420	135	198	364	618	296	238
1907-08	204	518	150	229	354	747	398	327

Judicial and Legislative (Courts), dated 12th December 1908.

Original work of Subordinate Courts

4. The number of original suits including ordinary and small causes, instituted in all the Subordinate Courts rose from 17,565 in the previous year to 19,641. The number of suits pending at the beginning of the year under review was 5,341, excluding 5 cases transferred from one Court to another. Thus the total number of suits for disposal was 24,982, of which 14,998 were ordinary suits and 9,984 small causes. Sixty-nine per cent of the former and eighty-one per cent of the latter were disposed of during the year. Of the number of ordinary suits disposed of (*viz.*, 10,366), 1,290 or 12·44 per cent were disposed of without trial, 6,046 or 58·32 per cent without contest, 3,024 or 29·17 per cent after contest, and 6 by reference to arbitration.

Appellate work in the Subordinate Courts.

5. The total number of appeals for disposal in the Courts subordinate to the Chief Court was 823, including 288 appeals pending at the end of 1906-07 in the District and Sub-Courts in the Mysore and Shimoga Divisions. The corresponding figure for the previous year was 1,040. Of these, 642 were decided, leaving 181 pending disposal at the end of the year.

Average duration.

6. The averages of duration of original suits and appeals in the Courts subordinate to the Chief Court were observed to be abnormally high in 1906-07, owing to the disposal in that year of cases which had been pending unusually long. As was to be expected therefore, these averages have considerably fallen in the year under report and the number of days compare with previous years as shown below:—

Year	Original suits	Small causes	Appeals	
			In Sub-Courts	In District Courts
1904-05	218	93	90	286
1905-06	175	87	88	195
1906-07	228	102	106	310
1907-08	118	96	95	232

Execution.

7. Including 3,589 pending at the end of 1906-07, the number of applications for execution of decrees was 29,681; of these, 24,974 were disposed of, leaving 4,707 pending at the close of the year. The percentage of infructious application for execution was 62·17 being almost the same as in 1906-07. In 1,290 cases, immovable property and in 224 cases movable property was sold. Of 533 persons ordered to be imprisoned, only 74 were imprisoned.

Finances.

8. The total receipts of all Courts, including the Chief Court amounted to Rs. 3,95,455 in the year under review and the expenditure Rs. 3,22,203. In the previous year, the receipts were less than the expenditure, being Rs. 3,81,603 and 3,84,209 respectively. Fees realized on account of processes amounted to Rs. 87,540 or about 2,746 less than the collection of last year. The cost of the process serving establishment was Rs. 62,227, and the savings amounted to Rs. 25,312 as against Rs. 28,391 in the last year.

Inspection.

9. During the year under review, a fair amount of inspection work was done in the Shimoga and Mysore Divisions by Mr. Justice H. V. Nanjundayya of the Chief Court and the local District Judges. Very few Courts were inspected in the Bangalore Division.

Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.

Ex.d.—C. S.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 2236—236, dated the 20th October 1908, from the Inspector-General of Police in Mysore, submitting the Annual Administration Report of the Police Department for 1907-08.

No. J. 1838-46—POLICE 65-08-2, DATED BANGALORE, 30TH DECEMBER 1908.

ORDER THEREON.—Mr. Carr was in charge of the department till the 16th March 1908. On his reversion to British service, Mr. D. Devaraj Urs was appointed Inspector-General of Police and he assumed charge of the department on the 23rd March 1908.

2. *Strength and Conduct of the Force.*—The strength of the force was the same as during the previous year. The re-organization and redistribution of the Police in the districts of Tumkur, Hassan, Kadur, Chitaldrug, Kolar and the Kolar Gold Fields was sanctioned during the year. The number of departmental punishments rose to 2,916 in the year under review, as against 2,224 during 1906-07, showing an increase of 692. No explanation is given for this increase, noticeable particularly under the head of fines, reductions and suspensions. There was a considerable decline in the number of black marks awarded, which fell from 239 in the previous year to 181 in the year under review. Government note that the percentage of men punished departmentally to the total actual strength was very much higher during the year than during the previous three years as shown in the margin. Twenty-five officers and men were subjected to judicial punishment during the year as against 36 in the previous year. Two hundred and thirty-eight officers and men were rewarded by money grants, 24 by good marks and 138 by promotion as against 251, 68 and 76, respectively, during the preceding year. Money rewards granted during the year amounted to Rs. 2,292 or Rs. 399 more than in the previous year.

1904-05	..	40·1
1905-06	..	45·5
1906-07	..	42·7
1907-08	..	54·5

3. *Education.*—The Head-quarter Police Training School continued to do good work and Government are glad to note the Inspector-General's opinion that the institution has materially improved the efficiency and the general tone of the Police service in the State.

4. *Village Police.*—The Village Police arrested 107 persons in 77 cases as against 76 persons in the previous year. Sixty-one cases ended in conviction. The increased activity shown by the Village Police and the success which attended their efforts are noted with satisfaction.

5. *Crime.*—The number of cognizable cases reported to the Police during the year was 5,279, the figures for the previous years being 5,520 in 1906-07 and 6,091 in 1905-06. There was thus a further decrease of 241 in the year under review. The decrease was, however, mainly under minor offences against property, and minor offences against the person, and there were slight increases under serious offences against the person and property. The district of Kolar shows the largest amount of crime of all classes and the French Rocks Sub-Division the least. Including the number of cases pending from the previous year, the total number of cases dealt with by the Police was 9,315. Of these, 6 were transferred to the British Police, 131 refused investigation, 1,364 declared false, 782 were returned as undetectable. 6 were struck off as the accused absconded and 6 were withdrawn. Of the remaining 7,020 cases, 4,396 were sent up to Magistrates, and 2,624 cases were pending with the Police as against 3,670 in the previous year. The work of the Police as regards disposal is satisfactory. There was however some decrease in the percentage of cases convicted to cases decided. It was 75·5 in 1905-06 and 73·5 in 1906-07 and it fell to 69 during the year under report.

6. *Preventive Action.*—Government note that no considerable use was made of the preventive sections of the Criminal Procedure Code. Action was taken against 159 persons, of whom 82 were convicted and 73 discharged. Only 8 persons were ordered to notify their residence under Section 565 of the Criminal Procedure Code.

Judicial and Legislative (Police), dated 30th December 1908.

7. *Investigation of Heinous Offences.*—Superintendents and Assistant Superintendents of Police investigated 169 cases as against 155 during the previous year and there was also a marked improvement in the number of cases investigated by the Amildars.

8. *Criminal Investigation Branch and Finger Print Bureau.*—Government note the increase of work in the Criminal Investigation Branch and have under consideration proposals for strengthening it. The Finger Print Bureau dealt with a larger number of slips than during the previous year and it is satisfactory to note that the services of the Bureau were availed of to a large extent by the districts.

9. *Recovery of Stolen Property.*—Government observe that the percentage of property recovered to property lost was only 30·6 as against 35·6 in 1906-07 and 38·3 in 1905-06. The Inspector-General of Police states in his report that the result is poor; but no explanation is offered. Government trust that more effective steps will be taken to improve the results in this direction in the future.

10. *The Arms Regulation.*—The total number of licenses issued under the Mysore Arms Regulation was 16,238 as against 12,847 in the previous year. This increase is reported to be due to the grant of licenses to several raiyats in the Malnad who were found in possession of fire-arms for a long time without licenses during the census of fire-arms in 1906.

11. *Inspection Work.*—The amount of inspection work done by the superior officers was satisfactory. Out of 652 Head Stations, Sub-Stations and Out-posts, 100 were visited by Deputy Commissioners, 630 by Superintendents and Assistant Superintendents. Only two Head Stations and sixteen Sub-Stations were left uninspected.

12. *Expenditure.*—The total cost of the department was Rs. 9,77,092 as against Rs. 9,86,830, showing a decrease of Rs. 9,738.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 3rd December 1908.

No. 5306-25—ML. 108-08-68, DATED BANGALORE, 3RD DECEMBER 1908.

ORDER.—Government observe that in many cases the appendices to the District Fund and Municipal Administration Reports for the year 1907-08, have been prepared on manuscript forms and that some of the statements received from the Kolar and Shimoga Districts are unwieldy. The Presidents are requested to see in future that the appendices are prepared only on printed forms prescribed by Government, the required number of copies being obtained from the Superintendent of the Government Press, previously in good time.

2. The insertion of pies and annas may be discontinued and round figures in rupees only shown in future in the reports and appendices, except in cases where the entering of pies and annas is absolutely necessary, as for instance incidence of taxation, etc.

3. For facility of reference reports should have prefixed to them a Table of Contents showing the paragraph headings and list of statements, etc., appended. Pages and paragraphs should be numbered and the page and paragraph numbers should be inserted in the Table of Contents.

4. The annual accounts (Nos. I, I(*a*), II, III and IV) have not been submitted by the Presidents of the Kolar, Tumkur, Mysore and Kadur Districts and the President of the Municipalities in the Bangalore District has submitted two copies of the accounts, while only one copy was quite sufficient. The Presidents from whom some of the accounts are still due are requested to be so good as to submit them at a very early date.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To— The Presidents of the District Boards.
The Comptroller to the Government of His Highness the Maharaja of Mysore.
The President of the Kolar Gold Fields Sanitary Board.
The Deputy Commissioners and Presidents of Municipalities in the several Districts.
The Presidents of the Bangalore and Mysore City Municipal Councils.
The President of the Sringeri Municipality, through the Deputy Commissioner, Kadur District.

Exd.—K. P. S.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 26th December 1908.

READ—

Para 2 of Government Proceedings No. 8844-89—L. F. 100-95, dated the 1st February 1898, directing, with reference to the Municipal taxation of Government buildings used for residential purposes, that where the occupant of a Government building is entitled to a free residence as part of his emoluments, the Municipal tax on that building must be paid by the Government as owner and that where a rent is actually charged for occupation, the tax should be recovered through the Public Works Department, by deduction from the rent payable to Government.

2. Chief Engineer's memo No. 970—6628, dated the 20th October 1908, forwarding for disposal letter No. 866, dated the 8th September 1908, from the Comptroller to the Government of His Highness the Maharaja of Mysore, Public Works and Railway Branch, suggesting that the said Government Order of the 1st February 1898, so far as it relates to the Municipal taxation of Government buildings for which a rent is recovered from the occupants, may be modified with advantage so as to admit of the Executive Engineers themselves crediting the Civil Department with the taxes payable and debiting them to the maintenance estimates of the several buildings as required by the Public Works Department Code instead of paying them by deduction from the rent realized.

No. 6005-14—ML. 183-08-2, DATED BANGALORE, 26TH DECEMBER 1908.

ORDER THEREON.—Government agree that a modification of the order cited above is desirable and direct that, in future, the Executive Engineers do pay the Municipal taxes on the buildings referred to by issuing cheques on presentation of bills for the taxes due and debit the amounts to the maintenance estimates, the entire rent realized being credited to Public Works Department.

2. Special care should be taken by the Executive Engineers issuing such cheques to mark them prominently "not payable in cash but by transfer credit to Municipal Fund," and the cheque itself may say "pay to the credit of the Municipal Fund of the Municipality of..... .....", as otherwise there would be the objection of unnecessary increase in cash transactions.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Chief Engineer of Mysore.
The Comptroller, Mysore Government.
The Presidents of Municipalities in the State.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Reports on the Government Vaccine Institute and on Vaccination in Mysore for the year 1907 received with the Sanitary Commissioner's letter No. 453, dated 1st August 1908, No. 989, dated 29th August 1908, and No. 1386, dated 3rd October 1908.

No. 5589—SAN. 38-08-8, DATED BANGALORE, 10TH DECEMBER 1908.

ORDER THEREON.—The operations of the Vaccine Institute during the calendar year 1907 compare somewhat unfavorably with those of the previous year. To prevent waste, the supplies of lymph were indeed as usual regulated with reference to the demand. But the demand, both from within and without the State, was less. The cost of establishment was higher, and the prices of calves purchased also ranged higher than in the previous year. Done calves sold better though not in the proportion in which they had cost more. There was greater mortality among the calves, and the average out-turn per calf was less. The combined result of all these factors was that the quantity of output of lymph was equal to the requirements of 152,246 cases against 183,647 in the previous year, the average cost rising from Rs. 2-15-9 to Rs. 4-0-9 per one hundred units. In Madras, the cost appears to be only Rs. 2-2-0 per hundred units.

2. It is understood that experiments are made in the Vaccine Institute in order to ascertain how long and under what conditions the lanoline paste there manufactured remains potent and most effective. Government would wish to see some reference to these experiments made in future reports.

3. Government have recognised the need that exists for providing more suitable accommodation for the Vaccine Institute and as a first instalment they have provided Rs. 15,000 in the current year's Public Works Department Budget. When a suitable building is provided improved equipments will follow.

4. The number of vaccinations performed by all the agencies at work put together (Taluk Vaccinators, Municipal Vaccinators and Medical Subordinates) aggregated 98,457 against 99,692 in the previous year, showing a decrease of 1,235 for the entire State. This was the net result of a small increase in the Kolar District, and of remarkable and noteworthy increases in the Kadur and Shimoga Districts, set off by unsatisfactory decreases in the remaining districts of Bangalore, Tumkur, Mysore, Hassan and Chitaldrug. For an explanation of the satisfactory progress effected in the Shimoga District, one has to turn to para 5 of the Report on the Vaccine Institute where Government read with pleasure that "the increase in the Shimoga District is due to the stimulus given in the work of vaccination by the Sanitary Commissioner (Col. Drake Brockman) while touring in the district and by the District Medical and Sanitary Officer (Mr. Mahomed Oosman), who has taken considerable interest in his work." Government desire that this activity should be maintained in the Kadur and Shimoga Districts and emulated elsewhere. In this behalf the Kurnool system of vaccination which has been extended throughout the State after satisfactory experiment in Kolar District should prove serviceable as well as the measures of reorganization sanctioned towards the close of the year which are noticed in the concluding portion of the Sanitary Commissioner's report.

5. Although compared with the previous year, the total number of vaccinations has been less as already stated, Government observe with satisfaction that there has been an increase in Primary and Secondary vaccinations, and that the number of these for 1907 is the highest recorded during the past 10 years. The figures stand as follows for 2 years :—

	1906.	1907.	Difference.
Primary and Secondary ..	86,505	90,939	+ 4,434
Re-vaccination ...	13,187	7,518	— 5,669
Total ...	99,692	98,457	— 1,235

Local Fund and Sanitary (Sanitary), dated 10th December 1908.

And an additional source of satisfaction is the increase of 1,663 in vaccination of children under one year of age, which however has not reached 19 per cent of the total number of births registered during the year.

6. Excluding unsuccessful cases and a small number of cases in which results were not known, about 94 per cent of Primary and Secondary vaccinations, and 57 per cent of re-vaccinations, or 91 per cent of all cases put together, were ascertained to have proved successful. Government would wish these ratios to be higher in future, the more especially because every unsuccessful case is calculated to have a deterrent effect on the minds of several unprotected persons prejudiced against vaccination. The corresponding proportions in the Madras Presidency for 1907-08 appear to be 95 per cent for primary and secondary, and 76 per cent for re-vaccination cases or 94 per cent for all put together.

7. Excluding the cost of manufacturing the lymph at the Vaccine Institute the expenditure of the department was Rs. 21,930 against Rs. 22,093 in 1906. Distributed over the 88,110 cases of successful vaccination performed by Taluk and Municipal Vaccinators, the average came up to Rs. 24-14-3 per one hundred cases against Rs. 25-1-9 in the previous year. Distinguishing Municipal from rural areas, the averages are as shown below:—

In Municipal areas ...	...	Rs. 34-15-8	per 100 successful cases.
In rural areas ...	...	Rs. 24-8-2	do do

8. The record of inspection work performed by the Deputy Inspector of Vaccination and Medical Subordinates was not as good as in the previous year, the number being 113,709 as against 121,527 in 1906. Even so, about 28 per cent of the persons examined were found to be unprotected against small-pox whether by vaccination or by previous suffering from the disease.

9. All things put together, it is evident that there is abundant scope for energetic useful work in the Vaccination Section of the Health Department of the State.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore.

Exd.—C. P. S.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 5986-96—Edn. 370-07-15, dated Bangalore, 23rd December 1908.

Order.—In connection with the re-organization of the State Colleges to adapt them to the requirements of the New University Regulations, Government in their Order No. 9876-80—Edn. 324-06-9, dated the 30th March 1908, sanctioned certain alterations and additions to the Central College buildings at a cost of Rs. 64,000 to provide the additional accommodation required for the College. In view however of the fact that there is a well equipped Laboratory available near the Central College, *viz.*, the Agricultural Chemist's Laboratory, Government, after consulting the Inspector-General of Education, the Principal of the Central College, Dr. Morris W. Travers, Director of the Indian Institute of Science and the Chief Engineer, came to the decision that this Laboratory with a few alterations and with an additional lecture hall to be constructed near it would meet all the requirements of the Central College. The Senior Surgeon and Sanitary Commissioner has since represented that the new lecture hall proposed to be erected would shut out light from the Bacteriological Laboratory, and suggests certain arrangements under which the Bacteriological Laboratory itself may be utilized for the additional lecture hall. Government after giving the matter their careful consideration are pleased to sanction the following arrangements for providing the necessary accommodation for the Central College and for the offices of the newly constituted Health Department.

(1) That the Chamarajendra Sanskrit College, Fort, Bangalore, be removed to a new building to be constructed in the New Extension, Chamrajpet, at a cost of about Rs. 15,000.

(2) That the Maternity Hospital be removed to the present Sanskrit College building, Fort, and that additional buildings at a cost not exceeding Rs. 20,000 be erected for adapting the Sanskrit College building to the requirements of the Maternity.

(3) That the Bacteriological Laboratory now located near the Agricultural Chemist's Laboratory be removed to the present Maternity building. The latter building will also accommodate the Health Department Museum, Laboratory and Offices, the Vaccine Institute and the Sanitary School and provide for the residence of an Officer of the Health Department.

(4) That the Agricultural Chemist's Laboratory (after making provision therein for the Government Entomologist and Mycologist and for the Agricultural Chemist's assistants and also for the assistants doing work for the Geological Department) and the Bacteriological Laboratory near it, be transferred with necessary alterations in both the buildings to the Central College for the additional accommodation required for the Science teaching of the College. The Bacteriological Laboratory will be utilized for the Science lecture hall and a new room will be constructed near it for the teaching of Advanced Practical Chemistry at a cost of about Rs. 10,000.

2. The cost of the construction of the new buildings and alterations to the Bacteriological and Agricultural Chemist's Laboratory buildings is roughly estimated as shown below:—

	Rs.
Additions to the Bacteriological Laboratory ...	10,000
Alterations to the above Laboratory	2,000
Alterations to Agricultural Chemist's Laboratory about...	2,000
New Sanskrit College	15,000
Additional buildings to the Sanskrit College, Fort, for purposes of the Maternity	20,000
Total ...	49,000

This sum of Rs. 49,000 will be met from the provision of Rs. 13,000 stated to be available in the budget of the Medical Department and from that made in the current year's Public Works Budget on account of additions to the Central College.

Local Funds and Sanitary (Education), dated 23rd December 1908.

3. The President of the New Extension Committee, Bangalore, is requested to select a suitable site for the Chamarajendra Sanskrit College in consultation with the Muzrai Superintendent.

4. The Chief Engineer and Secretary in the Public Works Department is requested to arrange for the construction of the new buildings and for executing the necessary minor alterations to the present buildings to make them suitable for the offices and institutions concerned so that the arrangements sanctioned above may be carried out at a very early date In particular he is requested to arrange at once for effecting the necessary alterations in the Agricultural Chemist's Laboratory to adapt it for Science teaching of the Central College.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Examinations), dated 2nd December 1908.

READ—

Letter No. 132—E., dated the 20th August 1908, from the Secretary to the Board for the Management of the Mysore Local Service and Pleaders' Examinations, stating that one S. Rama Rao, a clerk in the Local Fund Branch of the Deputy Commissioner's Office, Shimoga, having enquired whether he is eligible to appear for the Accounts Examination under exception (1) to Rule 9 of the Mysore Local Service and Pleaders' Examinations, the Comptroller was consulted in the matter and that Officer is of opinion that the term "Account Department" occurring in exception (1) of Rule 9 of the Rules refers to the Comptroller's Office only and to no other Department and requesting that as interpretation put by the Comptroller will exclude candidates such as accountants of the offices of the Inspector-General of Police and of Deputy Commissioners, etc., from appearing for the Accounts Examination, a definite ruling may be laid down by Government as to what constitutes the Account Department of the State.

No. 5246-86—EXAMN. 1-08-5, DATED BANGALORE, 2ND DECEMBER 1908.

ORDER THEREON.—At present under exception (1) to Rule 9 of the Local Service and Pleaders' Examinations, officials employed in the Treasury, Account and Forest Departments of the State and in the Excise Commissioner's office whose substantive pay is not less than Rs. 15 per mensem are allowed to appear for the Accounts Examination. Government consider that this concession may be extended and are pleased to direct that exception (1) to Rule 9 of the Rules for the Mysore Local Service and Pleaders' Examinations be modified so as to read as follows:—

> "Officials employed in any department of the State whose substantive pay is not less than Rs. 15 per mensem will be allowed to appear for the Accounts Examination."

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Board for the Management of the Mysore Local Service and Pleaders' Examinations.

READ—

The Administration Report of the Public Works Department for the year 1907-08, received from the Chief Engineer with his letter No. 6552, dated the 15th October 1908.

No. G. 3536—G. M 156-08-8, DATED BANGALORE, 11TH DECEMBER 1908.

ORDER THEREON.—*Expenditure.*—The final grant for the year under all heads, exclusive of "Contributions" and the "Cauvery Power Scheme" was Rs. 37,63,145 and the expenditure incurred during the year amounted to Rs. 36,00,096 as detailed below :—

Service head	Total grant	Total outlay	Amount of lapse
	Rs.	Rs.	Rs.
Provincial	28,74,821	27,90,755	84,066
Local Funds General	45,320	39,138	6,182
District Funds	4,38,719	4,04,017	34,702
Municipal Funds	76,830	64,357	12,473
Village School Fund	11,595	4,641	6,954
Irrigation Cess Fund	2,20,000	2,09,397	10,603
Palace Fund	95,860	87,791	8,069
Total ...	37,63,145	36,00,096	1,63,049

The amount that lapsed to Government unexpended was 4·3 per cent of the total grant. The only item of lapse that calls for notice is that under the "Village School Fund," in regard to which the disproportionate difference between the estimated and actual expenditure is reported to be due partly to the necessary funds not having been transferred in time from the Education budget and partly to the delay in certain cases in sanctioning estimates or in deciding upon the sites for new buildings. An expenditure of Rs. 1,57,221 from "Contributions" and an outlay of Rs. 16,29,033 on works relating to the Cauvery Power Scheme brought the total amount expended by the Department during the year under review to Rs. 53,86,350 against Rs. 47,12,439 in the previous year, the difference of over 6 lakhs being chiefly due to the large expenditure incurred in connection with the third installation of the Cauvery Power Works.

2. *Construction of Major Irrigation Works.*—The number of major irrigation works (*i.e.*, works costing Rs. 2,500 and above) in progress during the year was 118 and the amount of expenditure incurred on them was Rs. 4,62,263—Rs. 1,96,173 having been spent on channels and Rs. 2,66,090 on tanks. The principal major works of the former class were the Marikanave Reservoir and the preliminary investigation in connection with the projected construction of a large reservoir across the Cauvery river near Belagola in the Mysore District. The area of land under irrigation from the Marikanave Reservoir was about 3,827 acres which yielded a revenue of Rs. 12,154 during the year. A sum of Rs. 28,460 was spent on the preliminary investigation connected with the construction of a large reservoir across the Cauvery near Belagola and a scheme for the same was formulated. The project is reported to be practicable and likely to prove remunerative in course of time. But in view of the large outlay involved and of the difficulties in the way of adequately financing the scheme, the question whether it is not desirable to defer the further pursuit of the project to a more favorable opportunity is engaging consideration.

3. *Minor Irrigation Works.*—The total outlay on minor irrigation works amounted to Rs. 40,126—Rs. 6,326 having been spent on channels and Rs. 33,800 on tanks.

4. *Minor Tank Restoration Scheme.*—In connection with the Minor Tank Restoration Scheme the Government share of expenditure on masonry and stone work carried out to minor tanks, the earthwork of which had been done by the raiyats either by themselves or at their cost out of money advanced to them or contributed by them, amounted to Rs. 76,992. On the whole, 782 tanks were dealt with during the year. The progress made in this respect was particularly satisfactory in the Kolar and Bangalore Districts.

4A. The Chief Engineer is requested to have the Tank Registers referred to at para 84 of the report printed as quickly as possible.

5. *Civil Buildings.—Construction.*—A sum of Rs. 6,28,869 was spent during the year under review on the construction of civil buildings. The reconstruction of the Palace at Mysore including fittings, furniture and decorations as well as providing it with the necessary accessories for protection against fire, was the principal item of work and cost Rs. 3,77,376. The fifth floor of the central cupola which was the only stone construction work that remained over at the end of the previous year was completed and the wood-cased iron-framed dome was also practically finished. Other principal civil buildings that were under construction during the year were, buildings for the Experimental Agricultural Farm at Hebbal, the Special Magistrate's quarters at the Kolar Gold Fields, and Native and European wards, etc., at the Victoria Hospital.

	Rs.
Reconstruction ..	1,58,682
Fittings, furniture, etc.	1,90,651
Fire protection ..	28,043
Total ..	3,77,376

Repairs.—A sum of Rs. 1,08,845 was incurred in connection with the execution of repairs to several civil buildings, the most important work in hand from an archæological point of view being the renovation of the Kedareswara temple at Halebid.

6. *Communications.*—The outlay under "Communications, original" during the year from Provincial Funds was Rs. 49,645, of which Rs. 30,123 was incurred on roads and Rs. 19,272 on accommodation for travellers and Rs. 250 on miscellaneous works. The chief items of work taken in hand during the year were—the extension of the Avinhalli-Karur road from Hurli stream to the ghat head at Koguru in the Shimoga District, the improvement of the Shimoga-Mangalore road. the laying out of roads, lanes, etc., and the improvement of the drainage in the Basavangudi and Malleswaram Extensions of the Bangalore City, water-supply to the town of Harihar, etc. The outlay under "Communications, repairs" from Provincial Funds was Rs. 4,34,796. The total length of Provincial roads maintained (during the year under review) was 1,941 miles and the cost of their maintenance amounted on an average to Rs. 214 per mile.

7. *Establishment.*—The cost of establishment amounted to Rs. 7,49,435, the amounts spent on the three branches of the department, *viz.*, "Direction," "Construction" and "Accounts" being respectively Rs. 1,22,308, Rs. 5,99,685 and Rs. 27,442.

8. *Cauvery Power Scheme.*—According to the revised estimates, the budget grant under this head was Rs. 17,46,000, out of which an outlay of Rs. 16,13,039 was incurred during the year, the lapse of Rs. 1,32,961 being due chiefly to the materials and plant ordered from foreign countries not having been received in time and the consequent postponement of the payment of their cost. In addition to this, a sum of Rs. 15,994 was spent from "Contributions" for providing a power transmission line to the Indian Institute of Science, an electric pump to the Southern Mahratta Railway Company and electric lights to private persons in Bangalore.

During the year the Bangalore Lighting and Power Supply Scheme was extended to the Civil and Military Station and street lighting service was given from the 1st January 1908. At Mysore the building for the Transformer House had been practically completed by the end of the year and the installation of the electrical apparatus and the street lighting work were in hand.

The net revenue realized from the Cauvery Power Scheme during the year amounted to Rs. 15,01,666—Rs. 14,47,263 being derived from the supply of power to the Kolar Gold Fields and Rs. 46,355 from the Bangalore City Lighting and Power Supply, and Rs. 8,048 from the Bangalore Cantonment Lighting and Power Supply.

General (Miscellaneous), dated 11th December 1908.

The attention of the President of the Bangalore City Municipal Council will be nvited to the remarks of the Chief Engineer in para 101 of the report and he will be tequested to pay greater attention to the periodical trimming of avenue and other rrees.

General.—During the year the Marikanave Division and the Channels Division as separate divisions were abolished. Some Range offices were also reduced and retrenchments were also effected in the lower subordinate and office establishments.

17	Do ...	Revenue (Treasury) ...	Gopalachar	Gollar, Taluk Treasury, Shikarpur ...	6	11th Sept. 1908 ...	Misappropriation of Government money.	

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 122, dated 17th September 1908, from the Deputy Commissioner, Mysore District. In submitting herewith the accompanying file of papers relating to the affairs of the Sri Chennigarayaswami temple at Hadinaru in the Nanjangud Taluk, I have the honor to state as follows :—

2. In connection with the alienation of certain temple lands by the Archak (Srinivasa Bhatta) of the Sri Chennigarayaswami temple in the said village and the resumption of the Inam lands, the puja in the said temple has been stopped for the past many years.

3. The Sub-Division Officer solicits orders on the 5 following points *viz.*

(1) For the revival of puja after Samprokshane, the cost of Samprokshane being met by the devotees.

(2) For the Baraward being made out in the name of Narasimha Bhatta who is reported to be the adopted son of Rangamma, wife of the deceased Archak Srinivasa Bhatta.

(3) For the restoration of certain lands belonging to the temple.

(4) For fixing a scale of expenditure tentatively.

(5) For the appointment of Dharmadarsis.

4. As regards the 1st point, I beg to state that as the devotees are very anxious to revive puja and bear the cost of Samprokshane themselves, I have issued orders to the Amildar to revive puja after the necessary Samprokshane by the devotees.

5. With reference to the 2nd and 3rd points, the Amildar states that the Baraward Archak is dead and that the Archak hukdar (the deceased Archak's wife) who has been asking for the restoration of the Inam lands as she has paid the Court costs, does not deserve any lenient treatment as she alienated the temple property and put Government to unnecessary trouble and expense to get back the lands; but in consideration of the fact that she borrowed money for payment of contribution and for rendering the temple land fit for wet cultivation, that she derived little or no profit from the lands since they were resumed soon after their improvement and that she has still some debt outstanding, he is of opinion that her peculiarly hard case is deserving of favourable consideration.

6. He further states that he has satisfied himself by personal enquiry on the spot that she has been living from hand to mouth having no other means to clear her debt. Though he is not in favour of the complete restoration of the Inam lands as shown below, yet he recommends that the wet lands measuring 2 acres and 10 guntas, assessed at Rs. 13-0-0 and 4 dry lands measuring 10 acres and 39 guntas, assessed at Rs. 12, may be ordered to be restored to her so as to enable her to repay the debt and to arrange for daily Neivedya out of the income of the said Inam lands. As the expected income will be hardly sufficient to maintain herself and to meet the above requirements, he proposes that she may be paid Rs. 5 per mensem.

S. No.	Wet or Dry	Extent		Assessment			Maji No.

Sankranti .	2	0	0					
White wash, etc	5	0	0					
Government Kandayam	70	2	0					
Total	257	2	0					

9 To supervise the affairs of the temple the undermentioned persons are recommended to be appointed as Dharmadarsis —

(1) M R Ry Chinnappiah, Shanbhog
(2) Siddiah, Patel.
(3) M R Ry Linganniah son of Chennappiah
(4) Doddiana Goolah
(5) Puttaiyana Dyave Gowda
(6) Mada Naik son of Kangani Kala Naik.

10 The Amildar requests that the aforesaid whole scheme may be sanctioned as a tentative measure for three years

11 Under the foregoing circumstances, the above recommendation may be sanctioned tentatively for a period of three years after which date fresh proposals if necessary will be submitted to Government

12 The whole of the Gutta amount, viz Rs 1 355-4-0, outstanding for many years are reported to have been recovered and deposited in the Savings Bank Account No 534 in the name of the temple

---

No. 393-4— Muz. 140-08-2, dated Bangalore, 9th December 1908.

Order thereon.—The Chennigarayaswami temple at Hadinaru in the Nanjangud Taluk is a Muzrai Institution with an annual cash grant of Rs. 7-4-0. The temple was in possession of some lands which at the Inam Settlement of 1882 were declared not to be Inam Thereupon the lands were fully assessed and the patta was on behalf of the temple made out in the name of Srinivasa Bhatta the Archak.

2. About 10 acres out of these dry lands having become irrigable by the Rampur Channel, the Archak wanted to claim the lands as his own; and the Government in their order No. 750, M F 163-92, dated 1st May 1893, directed that a suit be instituted on behalf of the temple for cancellation of the alienation of these lands made by the Archak and for the possession thereof with mesne profit.

3 A suit was accordingly filed and all the Courts decided in favour of the temple. Rs. 97-12-11 were awarded as costs though Government had actually to spend Rs. 293-8-9 on behalf of the temple Government have been in possession of the lands, and the costs awarded have only been recently recovered

4 On account of this litigation, puja in this temple has been discontinued. The Deputy Commissioner now sends up proposals for revival of puja after Samprokshane, etc.

5 The Deputy Commissioner's proposals to revive puja after getting Samprokshane performed at the cost of the villagers and to appoint as Archak one Narasimha Bhatta's a nominee of the deceased Archak Srinivasa Bhatta's widow Rangamma are approved.

6. Considering the history of the case, Government would not give back any of the lands to the Archak. As however, the Deputy Commissioner's recommendation is only for a period of three years, Government approve of his proposal to make over to the Archak the dry lands and 2 acres 10 guntas of wet land on condition of his bearing the daily Neivedya and lighting expenses. The proposal

Muzrai, dated 9th December 1908.

of giving a cash remuneration also Rs. 5 per month to the Archak is approved. The Deputy Commissioner should so revise the proposals three years hence as to keep all the lands under Government management, separate allotments being made or daily Neivedya, lighting and other charges.

7. The records show that the 8 acres and 4 guntas of wet lands retained under Government management will yield about 72 pallas of paddy worth not less than Rs. 324. In these circumstances the scale of expenditure as recommended by the Deputy Commissioner is also approved tentatively.

8. Effect will be given to this order from the 1st of January 1909. The amount of Rs. 2,350-0-5 reported to be deposited in the Government Savings Bank should be withdrawn and credited to the Muzrai Funds of the institution. If no portion of this is likely to be wanted for expenditure, steps will be taken to invest the amount in securities. The current year's produce due to the temple should also be recovered at once and sold and the proceeds credited to the temple funds.

9. A notification appointing Dharmadarsis will be issued separately.

Para 8 of Government Proceedings No. 1-42, dated 6th October 1908, deferring orders about the details of the course of studies in the Ayurvedic College at Mysore.

Letter No. 252, dated the 27th November 1908, from the Muzrai Superintendent and Secretary to the Committee for the Management of the Ayurvedic College, submitting a curriculum of studies for adoption in the College.

No. 418—MUZ. 4-08-14, DATED BANGALORE, 11TH DECEMBER 1908.

ORDER THEREON.—With the letter read above, the Muzrai Superintendent and Secretary to the Ayurvedic College Committee, submits a copy of the Resolutions of the Committee recommending the curriculum of studies to be adopted in the College based on the proposals of the Senior Surgeon and Mr. Kempa Rama Pandit. He adds that the Heads of Ayurvedic Colleges in other parts of India will be consulted and a further recommendation made, and requests in the meantime that the curriculum now proposed may be sanctioned temporarily.

2. Under the circumstances reported, the Government are pleased to sanction the adoption tentatively in the Ayurvedic College of the course of studies recommended by the Committee as per statement hereto annexed.

3. The proposal to depute Kempa Rama Pandit to study the working of Ayurvedic Institutions in Madras, is also sanctioned.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Proceedings No. 1219-26, dated 16th September 1908, passing orders on the report of the Deputy Commissioner, Tumkur District, about the visit of the Swami of the Murgi Matt to Honnavalli and Tiptur.

Petition No. D 46, dated 27th October 1908, presented by Gubbi Yajman Revanna and other Lingayets, complaining of the order passed by the local authorities about the processions of the Murgi Swami.

Letter No. 203, dated 7th November 1908, from the Deputy Commissioner, Tumkur District, reporting on the points urged in the above petition.

Memorial, Registered No. D 180—Muz. F. 65-08-7, dated 19th November 1908, from Mr. Mallappa, Warad, Chairman of a public meeting convened at Sholapur, praying for the revival of the Addapalki and Panchakalasa honors to the Murgi Matt and protesting against the orders conveyed in the Government Proceedings of the 16th September 1908 read above regarding local *mamuls*.

No. 450-9—MUZ. 65-08-9, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—In accordance with the Rahadari issued by Government in June 1907, the Swami of the Murgi Matt went in procession in the town of Chitaldrug and in some of the important places in the districts of Chitaldrug, Shimoga, Kadur and Hassan.

2. In July last, he intimated to the Deputy Commissioner of Tumkur, without giving particulars of the dates and places of visit, that he proposed to visit his district and requested that the necessary orders in the matter might be issued to his subordinate officers. Honnavalli was the first camp of the Swami in this district and he came there on the 23rd August.

3. Some days previous to the arrival of the Swami, the Brahmins and others of Honnavalli presented a petition to the Amildar, asserting certain rights which, they requested, should be guarded against violation by the Lingayets. The Amildar held an enquiry and submitted the records to the Deputy Commissioner who however could pass no orders before the date of the Swami's visit of which he was apprised only on the preceding day. He sent the Superintendent of Police to the spot at once and the latter, finding that the preparations for the Swami's reception had far advanced, dissuaded the non-Lingayet population from making a hostile demonstration. On the following day, the Swami's procession went off without any hitch.

4. The Swami stopped at Honnavalli for a few days. The Brahmins and others then made representations, urging that the matter should be enquired into and their rights decided. An enquiry was started by the local officers whereupon the Matt people complained to the Government about the detention of the Swami at Honnavalli. An immediate report was called for by Government from the Deputy Commissioner.

5. Upon receiving his report which was an exhaustive one and dealt fully with the facts the Government in their order of the 16th September 1908 generally approved of the Deputy Commissioner's action and left questions of local mamul to be disposed of by him as he deemed proper.

6. In the meantime complaints began to be received from the Brahmin and other inhabitants of the places which, it was expected the Swami would visit, and the District Magistrate in consideration of the situation passed an order on 5th September 1908 to the effect that Amildars and Deputy Amildars should, from time to time, ascertain from the Matt their next destination and communicate particulars of all *takrars* to the Assistant Commissioner Magistrate of the Sub-Division who should, in consultation with the Superintendent of Police, prescribe the route of he procession.

7. Subsequent to the issue of the Government order of the 16th September 1908, the Superintendent of Police, in consultation with the Deputy Commissioner, sent instructions to the Amildar of Gubbi, which place the Swami was about to

visit, regarding the conduct of the procession there. The Amildar communicated these instructions to the Agent of the Swami who was then at Dodguni, a small village in the Gubbi Taluk. As the Swami was not in a position to comply with these instructions, the Yejman and other Lingayets of Gubbi were not able to procure his visit to their place and have accordingly approached Government with a complaint about the action of the local officers.

8. The Government observe that His Highness the Maharaja having considered the Matt worthy of the honors which he was graciously pleased to revive and which have been referred to in the Rahadari, the Swami has a general right to go in procession with such honors; and that it is the duty of all officers to uphold this right. The Rahadari is conclusive evidence of the right of the Matt to go in procession with the insignia along public streets except to the extent to which such right may be in conflict with express orders of Government or Judicial decisions regarding the rights of other communities.

9. In this connection, it is necessary to explain with reference to paras 3 and and 4 of the Muzrai Secretary's Letter No. 713, dated 9th August 1907, to the Deputy Commissioner of Chitaldrug, that Government had in view merely the reciprocal rights of the people of one persuasion to have music stopped in front of their places of worship by people of other persuasions and did not intend to convey the idea that one sect of Hindus passing in procession should stop music in front of a temple belonging to another sect of Hindus.

10. In the present case the Swami of the Murgi Matt has passed in procession through a number of important places in the districts of Chitaldrug, Shimoga, Kadur and Hassan without his right to pass with music being challenged; and the Chitaldrug Deputy Commissioner's report No. 165, dated 25th September 1907, clearly goes to show that in the town of Chitaldrug music was not stopped when the Swami passed in front of a number of Brahmin temples. The contention that the Swami should stop music when passing in front of temples is, as already pointed out, untenable.

11. There appears also to be some misapprehension with regard to the weight to be given to assertions of local mamul. It is hardly necessary to point out that when referring to questions of mamul in regard to processions, etc., Government meant merely that mamul based upon Judicial decisions or previous orders of Government should be respected and not that a procession otherwise in order should be held up merely because some one chooses to set up a mamul which remains to be newly enquired into and decided.

12. The arguments adduced by the Deputy Commissioner in support of the prohibition of the chanting of Vedas by the Lingayets in the public streets are not convincing to Government. It is not asserted by any one that the chanting of Vedas is indulged in by the Lingayets to insult or annoy anybody. The Dharmashastras may prohibit a Brahmin from hearing the Vedas chanted by a Lingayet; but such chanting in the public streets violates no right of the Brahmin which can be upheld by Government or by a Court of Law. Government therefore direct that there should be no prohibition of the chanting of the Vedas by the Lingayets in the public streets.

13. The Brahmins and others object to the Swami styling himself "Jagadguru" to these words being inscribed on arches and to the parading in the procession of a flag on which the word "Jagadguru" is inscribed. The Deputy Commissioner is of opinion that the word "Jagadguru" is a title and that it is for Government to consider whether or not it should be recognized. As there is no express reference in the Rahadari to a flag with this inscription, he has prohibited the parading of such a flag.

14. Government cannot accept the Deputy Commissioner's view that the word "Jagadguru" as used by the Murgi Matt constitute a title. They see no objection to the Swami styling himself "Jagadguru" and to his disciples praising him as such. They agree however with the Deputy Commissioner in thinking that a flag with such an inscription constitutes an insignia, and they upheld his action in prohibiting this on the ground that it is not authorized by the Rahadari.

Muzrai, dated 12th December 1908.

15. The action of the Deputy Commissioner in calling upon the Matt to furnish a programme before hand is well meant and the Matt would be well advised in complying with his request, so that necessary arrangements may be made for the proper conduct of the procession. Seeing that there was strong opposition both before and after the revival of the honors, the Matt should still expect some opposition in places which it has not visited for years together. The Deputy Commissioner's second report shows that he only wants a rough programme. This in the opinion of Government can well be furnished and the Deputy Commissioner will no doubt see that no inconvenience is caused to the Swami on this account.

16. As regards the prayer of the Sholapur public for the revival of the honors of Addapalki and Panchakalasa in favour of the Matt, the chairman of the meeting will be informed that the matters have been disposed of after careful consideration and cannot be re-opened.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Proceedings No. 5170-3, dated 6th May 1907, sanctioning the restoration of the resumed annual cash grant of Rs. 20-6-0 per annum to the Sri Malleswaraswami temple at Krishnarajpete.

2. Government Proceedings No. 3687-8, dated 9th December 1907, accepting the gift made by Mr. Ramaiya, Pleader, Seringapatam, of his Sarvamanya village of Dadadahalli in the Krishnarajpete Taluk to the Sri Malleswara temple referred to above and directing that it should be taken possession of and administered for the benefit of the temple.

3. Correspondence ending with letter No. 162, dated 5th December 1908, from the Deputy Commissioner, Mysore District, submitting a scale of expenditure for the institution.

No. 486-7—Muz. 180-08-8, dated Bangalore, 22nd December 1908.

Order thereon.—The temple of Sri Malleswaraswami at Krishnarajpete is a Muzrai Institution endowed with a cash grant of Rs. 20-6-0 per annum.

2. In the correspondence read above, the Deputy Commissioner reports that an establishment costing Rs. 31-14-0 per mensem has been entertained in the institution for puja and other purposes, ever since the village of Dadadahalli gifted by pleader Mr. Ramaiya, came into the possession of Government, *viz.*, from 1st March 1908, and that those servants are urging for the payment of their arrears of pay. He accordingly submits for sanction a scale of expenditure amounting in all to Rs. 493-12-7, per annum (exclusive of the sum of Rs. 1-11-2, being the monthly pay of the archak already sanctioned from the temple tasdik) on account of establishment, paditara and other charges.

3. The Government observe that as the temple derives a net income of Rs. 520-13-1 from the gifted village and a sum of Rs. 20-6-0 as tasdik from Government, the scale now submitted is well within the income of the institution and is also in accord with the wishes of the donor Mr. Ramaiya. The scale appears therefore suitable and is accordingly sanctioned. Statements showing the income, and the scale of sanctioned expenditure amounting to Rs. 514-2-7 inclusive of the cash tasdik are appended hereto. The arrears of pay and other charges due to the temple establishment from the 1st March 1908 are also sanctioned the charge being met from the savings of Rs. 428-0-6 reported to be available at the credit of the institution.

A. Steele, Officiating Executive Engineer, with the necessary establishment under him to take over at once the whole of the channels from the Revenue Department, etc.

No. 1162-9—7924-31, DATED BANGALORE, 12TH DECEMBER 1908.

ORDER THEREON.—In view of the critical situation in regard to the supply of water in the Cauvery and Kabbani rivers and of the channels from these rivers, and of the fact that the loss of revenue from the Cauvery Power Scheme will be considerable unless most careful regulation of the water in the rivers is exercised, the Government of His Highness the Maharaja are pleased to sanction the formation of a Special Channels Conservancy Division for the Cauvery and Kabbani river Channels, as a temporary measure, in the hopes of saving the crops under these channels and the revenue derived from the Cauvery Power Scheme.

II. The above proposal involves the addition of a temporary Executive Engineer to the sanctioned scale, which is also sanctioned.

III. The channels on the Cauvery and Kabbani rivers will at once be taken over by the Public Works Department from the Revenue Department and steps should at once be taken to regulate the supply of water to the channels with a view to keeping sufficient water flowing down to the Power Station at Sivasamudram.

IV. The "Channels Conservancy Division" will be under the immediate orders of the Chief Engineer.

V. The following officers and subordinates are posted to the Division from the Western and Eastern Circles and from the Palace Division:—

WESTERN CIRCLE.

Mr. F. A. Steele, Executive Engineer.
„ M. A. Ananthalwar, Assistant Engineer.
„ Mr. A. Tandoni Rao, Sub-Assistant Engineer.
„ K. M. Vasudeva Rao, do

FINANCIAL

SECTION 1—GENERAL FINANCE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1908.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 2534-5—157-08 ...	1	Comptr. and Dy. Comr., Mysore	Recording letter No. 187, dated 30th September 1908, from the Deputy Commissioner, Mysore District, reporting that out of the Thumbanerle village under the management of Government on account of the loan granted to the late Siddaraja Urs and his aunt Krishnajammanni, a portion has been ordered to be sold in Miscellaneous Case No. 75 of 1905 on the file of the Sub-Judge, Mysore, in satisfaction of certain decretal amount due by Nanjaraja Urs, son of the late Siddaraja Urs, subject to the lien of Government on the property in question.
2	Fl 2530-1—157-08-4 ...	1	Comptr., Dy. Comr., Bangalore, and I.-G. of Edn.	Sanctioning the grant of a house-building advance of six months' pay to Mr. S. Krishnaswamiengar, M.A., Assistant Master, Central College, Bangalore, for building a house in the Basavangudi Extension, Bangalore City.
3	Pol 414 ...	2	First Asst. to the Hon'ble the Resdt.	In the matter of the extra remuneration claimed by Mr. U. L. Mojumdar, late Comptroller, Mysore Government, on account of certain additional duties which devolved on him, observing that the arrangement under which he was made Examiner, Public Works and Railway Accounts, and *Ex-officio* Financial Secretary was brought about at the instance and with the concurrence of Mr. Basu, his predecessor, that when the suggestion was made, no question of additional remuneration was raised, that Mr. Basu evidently thought for reasons explained that the Comptroller could without difficulty undertake the said additional duties assisted as he was by officers trained in British system of accounts, that it is to be noted that when Mr. Mojumdar was in Mysore, he never raised the question of any increase of pay for himself and that Government regret for the above and other reasons stated that they do not see their way on a representation made more than six months after his reversion to British Service to agree to the grant of any increased remuneration to him.
4	Fl 2610-2—191-08-2 ...	8	Comptr., Chief Engr. and Officer in charge of the Govt. House	Sanctioning a statement of reappropriation for Rs. 60 from Government House to Public Works Budget to meet the extra charge for proper supply of water for the ponies picketted in the compound of Wellington Lodge.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
5	Fl 2650—Ft 10 08-4 ...	9	Conservator of Forests...	Observing that Messrs. Ponnusami Mudaliar and Inamti Shama Rao no doubt hold the rank of Extra Assistant Conservators in the British service, but in Mysore they rank with the local Assistant Conservators and cannot claim the benefit of the provisions of both the Local and British Rules only in so far as they are favorable to them and that the order passed in Proceedings No. R. 2109-10, dated 28th September 1908, does not therefore require modification.
6	Fl 2653—152-08-2 ...	10	Mr. D. Sitarama Rao, Suptg. Engr., Agent on behalf of Govt. to settle the affairs of the late Mr. Basappaji Urs	Informing him that under paras 6 and 7 (i) of Government Order No. Fl. 861-7, dated 21st August 1907, the arrears of pay as Military Bakshi (Rs. 1,013-5-4) due to the late Mr. Basappaji Urs, should be taken towards the repayment of the debt due to Government and cannot be utilised for payment of assessment due on his lands, and requesting Mr. Sitarama Rao to draw the amount and remit it to the treasury to be credited towards the loan account.
7	Fl 2654—192-08-2 ...	10	Comptroller ...	Forwarding copy of the above for information.
8	Fl 2662—79-08-4 ...	11	Do ...	Sanctioning the promotion of Mr. F. E. Michael, 1st grade accountant, Comptroller's Office, as Acting Assistant Superintendent, during the absence of Mr. C. Raghunatha Rao, Assistant Superintendent, on privilege leave for six weeks from the 16th November 1908.
9	Fl 2685-7—212-08-2 ...	12	Comptr., Dy. Comr., Bangalore, & Registrar, G. & R. Sectt.	Sanctioning the grant of a house-building advance of six months' pay to H. P. Bhashiachar, clerk, General and Revenue Secretariat, for building a house in the New Extension, Bangalore City.
10	Fl 2710 -202-08-2 ..	15	Comptroller ...	Informing him that D. Ramanna, an accountant in his office, has already had an advance for building a house in Bangalore City and that his present request for the grant of an advance of six months' pay for building a new house in the Fort, Bangalore City, is inadmissible under the rules.
11	Fl 2714—172-08-2 .	16	State Geologist ...	Informing him that Government regret that the benefit of the provisions of Cl. XIV of the Mysore Service Regulations regarding long leave cannot be extended to Mr. H. K. Slater, Assistant Geologist, as recommended and adding that those provisions are intended to be applied only to officers specially engaged with their application to their cases as one of the terms of contract of service.
